

Mokena Board Votes Village Sales Tax

Bike Riders Hit By Auto; One In Hospital

An 11 year old Mokena boy, LaVerne (Joe) Johnson, who lives on 116th st., between 194th and 195th, is in Silver Cross hospital as a result of an auto-bicycle collision last Saturday night but his companion, Thomas Fee, 8, of 11310 W. 193rd st. was released from there and is back home.

The Johnson boy suffered a fracture of the right hip and multiple bruises and abrasions about the face, head and body. The Fee youngster was severely bruised and as a result was unable to lift his left arm and had little use of his left leg for a couple of days.

The two youngsters were riding north on Wolf road shortly after 8 o'clock Saturday night on the Johnson boy's bike, Tommy Fee was carrying a bag of apples. Whether he was riding the center bar or the handlebars, Tommy doesn't recall.

They had reached 194th st., when they were struck by a car driven by Walter Hentsch, of Mokena, who was also traveling north on Wolf rd.

Hentsch told sheriff's deputies who covered the accident that he had not seen the boys or the bike. Hentsch said there were no lights or reflectors on the bicycle and that the street light was out. At the meeting of the Mokena village board Tuesday night the bicycle problem was brought up as a result of this accident. It was brought out that too many bicycles are used after dark without lights or reflectors.

The state law requires that bikes used after dark carry a headlight and a tail light or reflectors that can be seen for several hundred feet.

The village board is asking parents of youngsters who have bicycles to see that the bikes are equipped with lights or are marked with reflectors or reflective tape so they are visible for several hundred feet when used in the dark.

If cyclists and parents fail to cooperate, the board decided the state law will be enforced and the bicycles confiscated and held until the owners comply with the law.

Flower Show Opens Saturday

The Palos Park Woman's club is to hold its annual flower, fruit and vegetable show this Saturday, Sept. 10.

The show is to be held in the Palos Park village hall and the hours will be from 2:30 to 9 o'clock.

This show, it was pointed out by those in charge, is not limited to club members but is open to all in the area who are interested in plants and flowers. They are invited not only to attend the show but to exhibit.

"It is the aim," according to a paragraph in the preface of the show catalog, "to inspire those who grow beautiful flowers to display and arrange them better, and those who like to arrange, to grow their own flowers better."

According to the rules all exhibits must be ready for judging by 11 a.m. Saturday. The hall will be open to receive exhibits at 8 a.m. Exhibits entered cannot be removed from the hall before 9 a.m.

Foliage is permitted in all arrangement classes.

An exhibitor is permitted only one entry in a class or sub-class. It also is decreed that entries in specimen classes must have been grown and cultivated by the exhibitor.

New Lenox Girl Enters Training At Silver Cross

Miss Eleanor Hammond, daughter of Mr. and Mrs. James Hammond, 11 S. Cooper, New Lenox, and Miss Carol Ulrich, daughter of Mr. and Mrs. Harold Ulrich, Mokena, has entered Silver Cross school of nursing, Joliet, where they will also attend Joliet Junior college for science courses during the first semester.

Miss Hammond graduated from Joliet Township high school and Miss Ulrich from Peotone high school.

A four day orientation period at the nursing school included the completion of health examinations, beginning classes, meeting the faculties of the school and the college at informal social affairs, and touring the city of Joliet. Classes in the morning at Silver Cross, in the afternoon at the junior college, began on full schedule this week.

Honor Lions For Assistance Given Freedom Crusade

Civic-minded, public-spirited Americans in Lions Clubs thru the country have rallied to the support of Radio Free Europe. Freedom scrolls have carried the signatures of hundreds of thousands of Lions club members indicating their support of the Crusade for Freedom.

R. Roy Keaton, director-general of Lions International, in receiving a citation from Carl Rupe, regional director of the Crusade (left) said:

"I am very proud to accept the 'Distinguished Service Award' in recognition of notable public service in aiding the Crusade for Freedom in support of Radio Free Europe."

Registration At Night School Set For Sept. 29

Adult education classes will be held again this year at Lincoln-Way high school it was announced by those in charge. These classes proved to be very popular last year and are repeated at the request of people in the community. Registration will be held at Lincoln-Way high on Thursday night, Sept. 29, from 6:30 to 9 o'clock.

The first class meetings will be held Tuesday and Thursday of the following week.

Registration will be accepted at the school office during the regular school day thru Thursday of the following week. Registration by mail will also be accepted. Checks for \$10 to defray the cost of the course selected should be made to Lincoln-Way Community high school. Classes will meet one night per week for a period of ten weeks with some classes meeting on Tuesdays and others on Thursdays. All classes will meet from 7:00 to 9:00 p.m. except the clothing construction and agriculture classes which will be in session from 7:00 to 9:30 p.m.

Courses to be offered will include the following: in vocational agriculture there will be general agriculture, farm machinery making, adjustment, and repair, and farm welding; in business education there will be beginning typing, advanced typing, comptometry and office machines, and shorthand; clothing construction; basic psychology; speech and dramatics; organized recreation; and woodworking. There will be a first aid course offered, tuition free, if there are enough students interested.

Dress Making Popular
Last year one of the most popular courses offered was the one in clothing construction, taught by Mrs. Butler, who will again offer similar classes. She will be assisted by Miss Marilyn Doubet, new home economics teacher.

The series of ten lessons will include such valuable topics as pattern selection and alteration, fabric selection, and fitting. Each meeting will include individual supervision of actual clothing construction. This provides an opportunity for enrollees to do a choice of projects such as beginning sewing, advanced sewing, or tailoring. A study of current fashions in fabric, style, and color will also be included.

Mrs. Florence Butler, chairman of the home economics department, has had experience in adult education at Joliet township high school and Opportunity school, Denver, Colo. Miss Doubet is a graduate of Illinois State Normal university and will get her master of science degree at the University of Illinois this year. Miss Doubet has had special training in textiles and clothing construction.

Additional information about given at a later time. Any questions regarding the adult education program may be directed to Ralph E. Wright who may be reached at the high school at New Lenox 2051. Mr. Wright is the director of the adult education program.

CARD PARTY

This Saturday evening Sept. 10 is the date set by the Auxiliary of the William Martin post for their card party. It will be held as usual in their hall on Wolf road, Mokena, and will begin at 8:30. Hostesses will be the Mesdames Grace Kopelman, chairman, Evelyn Moss, Frieda Genens, Jean Hurd, Mora Kohl.

The elevator is the safest form of transportation.

Participate in Ground Breaking Ceremony

Civic and business leaders turned out for the ground breaking ceremony to signal the beginning of a shopping center in Orland Park at the intersection of Route 45 and 143rd st. First building to be erected will be the new home of the Orland State bank. In the front row, left to right, are (kneeling) Mayor W. R. Schussler and assistant cashier of the Orland State bank, Lewis J. MacCauley, of Worth, president of the Orland bank and Donald W. White, president of the Orland Park Building Corp. (These two have shovels) and (kneeling) Orville Schmaedeke, chairman of the Orland Park planning commission. Standing (left to right) are, Robert Erickson, Midlothian, George E. Gee, cashier of Orland bank, Robert C. Davidson, a director, James W. Gee, Palos Park, Joseph S. Gee, Phoenix, Ariz., Brethland A. Blair, village clerk and Fred E. Yunker, supervisor of Orland township.

Stagger Classes At St. Mary's

Increased enrollment plus the fact that the new building is not yet completed has compelled those in charge of St. Mary's school in Mokena to begin the year with classes on a stagger basis.

The stagger system has been a bugaboo that has haunted school heads in many communities for several years now since school populations are outgrowing facilities. To date schools in this area have been able to escape staggering classes except Mokena. Last year St. Mary's had to hold school on a half day basis for each class, this year it will be on a week about system.

It was announced by Sister M. Theresa Clare, the new principal who replaces Sister M. Charlotte, that because of the change it has been necessary to make the opening of school to be postponed until next Monday, Sept. 12.

But not all youngsters will attend classes. Beginning Monday classes will be held for grades one, three, five and seven. The week following, which begins Sept. 19, grades two, four, six and eight will go to school. Classes will be held in the old building on Wolf road on this schedule until the new building is completed and put into use, which is expected to be around Oct. 1. There will be room for all the youngsters when the new building is ready and classes will then resume on regular schedule.

The only change in the staff is in the principalship.

Raise Flood Relief Quota

The Will county chapter collection for eastern flood relief now needs \$2,000 of the previous quota of \$4,100. The National Red Cross goal has now risen from \$8,000,000 to \$10,000,000 because of recent surveys.

Registration of families for Red Cross aid rose from 8,000 to nearly 14,000 families over the week end and latest surveys show hundreds of additional homes destroyed or damaged.

Thirty Red Cross building advisors, men with experience as contractors or builders have been sent into the field to help survey and estimate the cost of repairing or rebuilding homes and farm dwellings. The task is being geared to make certain all flood victims will be in homes before colder weather of fall and winter set in.

Nationally the Red Cross relief fund stands at \$3,800,000. This includes many large gifts from industry and national groups, as well as donations from foreign countries. Contributions may be left at any Will county bank, all of which are cooperating, or sent to the Red Cross Headquarters, 155 Scott St., Joliet.

Home Economic Teachers Form Organization

Teachers in homemaking from Will county and the southern third of Cook county have organized into the newly formed Section 20 of the state association. The Section 20 contingent met Sept. 1 at Lincoln-Way high school on Rt. 39 between Frankfort and New Lenox and elected officers.

Miss Chloa Walton, Argo township high school, was chosen chairman, with Evelyn Kemmerle, of the Bremen township high school, as vice chairman and Mrs. Leona Brown, Joliet high school as secretary-treasurer.

The chairman represents the teachers at state programs and serves as a leader in arranging programs for professional growth and improvements in homemaking.

Miss Mildred Reel, of Springfield, was present at the meeting. Miss Reel is home economics supervisor for the state department of vocational education.

F. H. A. Girls Organize; Elect Officers For Year

A Carl Sandburg high school senior, Wendie Johnstone, has been elected president of Section 20 Future Homemakers of America.

F.H.A. girls from 15 vocational and five general homemaking departments from high schools in Will county and the southern third of Cook county, formed the new sectional organization at a meeting last week at Lincoln-Way high school near New Lenox in Will county.

Other officers elected are: Angella Lukanic, Joliet high, vice president; Rita Smith, Rich high school, secretary; Corinne Sneadon, Bremen high, treasurer; Donna Hofel, Peotone high, chairman of projects; Barbara Cernick, Argo high school, chairman of public relations; Sandra Brian, Plainfield high, parliamentarian; Janet Korsgaard, Lincoln-Way high, chairman of recreation and Judy Bookmeyer, Beecher high, historian.

New Lenox PTA To Meet Sept. 13

First meeting of the New Lenox PTA for the 1955-56 school year is scheduled for Tuesday evening, Sept. 13.

The Homemakers will act as hostesses and the New Lenox 4-H groups will be on the program.

President of the PTA William Clark urges all parents who do not belong to the PTA to come out for this meeting that they may become acquainted with the organization, its membership and aims, and become members.

Mr. Clark also urges all members to turn out for this initial meeting.

Brief Teachers On Their Duties

First teachers conference of the year was held Tuesday afternoon in the Pershing school auditorium at Joliet, under the supervision of County Superintendent Verne E. Crackel. The teachers were from the one, two and three room schools.

Topics discussed included the loyalty oath which all teachers are required to take; pupil insurance; Red Cross activities for the year and recent legislation affecting the schools.

Dr. L. L. Fetherree, head of the Will County health department, talked on the relation of that agency to the schools.

Pupils reported Tuesday morning and regular schedules of work were begun in most schools yesterday.

First grade beginners must be six years of age on or before Dec. 1, 1955 to be eligible for admission.

Birth or baptismal certificates are required as proof of age and a record of this evidence must appear on the registration card.

First and fifth grade pupils also are required to file a report of a physical and dental examinations.

Teachers were reminded that all children between seven and 16 years of age must attend school regularly.

Surveys must be made to determine if there are children in the area who do not comply with this law. Violations of the law are to be reported to the County Superintendents office.

Teachers also were informed that a revised schedule of rental fees for films will be sent out soon. This revision of fees is downward and is expected to make it possible for small schools to make use of the visual-aid library.

Marley Group To Hold Annual Supper Bazaar

The Marley Missionary society is to hold its annual combination supper and bazaar Sept. 15.

The affair is to be held in the basement rooms of the Marley church and everyone is invited. A ham dinner, with all the things that add to the enjoyment of a ham dinner, will be served - all prepared by the women of the missionary group.

Their culinary skill is attested by the fact that this dinner attracts people from all of the surrounding areas - many of them the same persons year after year.

Serving will begin at 5 p.m. The bazaar booths will feature homemade candy, bakery goods, aprons, fancy work, parcel post for the children and a country store.

One of the most dangerous lifting practices is to bend down at the waist when you pick up a heavy object.

Break Ground At Orland For Shopping Center

Ground-breaking ceremonies were held in Orland Park Friday, Sept. 2, for the first unit of a new shopping center and business district.

Located on a 8-acre site at the intersection of LaGrange road (Route 45) and 143rd st., the first building will house the Orland State bank. The new bank building, together with a super-service gasoline station, will form the nucleus for an extensive new shopping center.

Presently planned are buildings to house a super-market, drug store, and other retail establishments, which are now leasing, according to Donald O. White, president of the Orland Park Building Corp., an organization of local business men and associates of the bank, which is responsible for the development of the project. Mr. White and Bank president Lewis J. McCauley took the first shovelful of earth.

The new bank building, which will face on 143rd street, will be a modern structure, 62x108. Liberal use of plate glass and glass brick will give the building the modern and functional appearance which is the current trend in commercial construction. The 60x22 lobby will be flanked on one side by ten teller's cages, and on the other by offices and conference rooms. The vault will be placed near the entrance for the convenience of safety deposit box holders. The remainder of the building and the full basement will house the bank's modern bookkeeping and accounting machines, and provide adequate operating and storage space.

A 2-acre paved parking lot will surround the building, and facilities for drive-in banking will be provided, as well as a night depository.

Architect for the bank is Joseph Hokek, and the contractor will be Campbell, Lowrie and Lautermilch, of Chicago.

The service station building, which will follow the unusual architectural lines of the bank building, will be situated diagonally across the southeast corner of the site. It has been leased by the DX company. There will be an unusual lack of advertising billboards on the service station premises. The building was designed by Zay Smith Associates, LaGrange, and will be built by Olivieri Bros., Chicago.

More than \$20,000 was spent in leveling the building site, as it was necessary to cut down part of the property as much as 12 feet to bring it down to grade.

The Orland State bank was organized in 1920 by a group of pioneer Orland Park citizens, including Dr. W. R. Schussler, J. F. Schmaedeke, William T. Beagle, Louis P. Daniel and August Witt. George E. Gee, present cashier, was appointed assistant cashier in July, 1920, and has served the bank continuously for more than 35 years. W. R. Schussler, Jr., son of one of the founders, joined the bank in 1943 as assistant cashier. He is also mayor of the village of Orland Park.

Bank Closes
The bank has been located at the present Beacon street address for many years. These quarters, because of the steady growth of the bank, have become inadequate, and further expansion on the present site is impossible. Thus the bank, which serves a considerable section of the southwest suburbs and rural areas, was forced to seek more spacious quarters.

Present officers and directors of the bank are: Lewis J. MacCauley, Worth, president; Robert C. Davidson, Orland Park, vice-president; Harwell E. West, Palos Park, secretary; George E. Gee, Orland Park, cashier; W. R. Schussler, Jr., Orland Park, assistant cashier; James W. Gee, Palos Park, director; Hugh Smith, Oak Lawn, director.

L-W PARENT GROUP

It has been announced that the first meeting of the Lincoln-Way Parent group will not hold its first meeting for this year until October. With Labor Day coming as it did this year and making the start of school so close to the regular meeting day of the group, it was decided not to meet in Sept. The date will be Wednesday, Oct. 5.

WHAT'S NEW-A crib rocker which gently rocks baby to sleep and then shuts off at a preset time; a machine that can be adapted both for lawn mowing and floor polishing and, inevitably, an "atomic clock" which (tis claimed) will run accurately for 300 years!

Effective October 1; Expect \$7,000 Yearly

Hold Rites For Conrad Wilson

Conrad Adam Wilson, 83 years old, late of 34 N. Smith st., Frankfort, died Monday, Sept. 5, at St. James hospital, Chicago Heights, following a long illness.

The son of William and Martha Wilson, he was born in Frankfort township Aug. 22, 1872. Mr. Wilson farmed in Frankfort township 46 years. He moved to the village of Frankfort when he retired 37 years ago and had made his home there since.

Mr. Wilson never married. He is survived by a brother, Frank of Chicago, and a sister, Miss Emma, with whom he made his home.

The Zechlin Service will have charge of the funeral which is to be held this afternoon from the Frankfort Methodist church at 2 o'clock with the Rev. Ben Day officiating. Interment will be in Pleasant Hill cemetery.

Set Up Visual Aid Program In County Schools

The visual aid program in Will county schools is being set up for the coming year. All communications concerning films should be made with the librarian of the film library, Miss Gladys Leatherman, county superintendent's office in the court house at Joliet.

The financial statement of last year's operation shows that the year began with a balance of \$210.05 on hand. Film rentals from 16 schools totaled \$1,273.40 and a postage refund of \$10.50 brought total receipts up to \$1,493.98.

Expenditures included \$850 for the librarian's salary and \$30 for postage and miscellaneous expenses, which left a balance of \$613.98 on hand for the coming year.

The county school office plans to purchase at least one film strip machine and some film strips that will be available to member schools on a loan basis. The film library contains a 16 mm. projector and screen that is available for member schools on a loan basis when such equipment is needed for special showings or in case of emergency. The borrower assumes all responsibility for all films and projectors.

School Treasurers Must File Reports On Or Before Oct. 1

School treasurers must publish their annual financial statements of their districts before Oct. 1. Will County Superintendent of Schools reminded them in a letter in which he sent out samples of the forms that must be used to comply with the new law.

Under this form the treasurer is required to list the checks showing the aggregate amounts paid each employee and creditor as well as list each of the sources of receipts.

Cook county school treasurers are said to be exempt from the provisions of the law.

St. Mary's Church Families To Picnic At Kestel Farm

The annual picnic of St. Mary's church at Mokena will be held this Sunday at the Kestel farm, south of Frankfort on route 45.

The picnic which is sponsored by the Holy Name society will start at 1 p.m. There will be games with prizes for the children. The adults can engage in horse shoe pitching and baseball. Michael Clegg, Leo Marcoux and Arthur Marshall will be in charge of the games.

Every family will bring its own lunch. Refreshments will be served on the grounds.

BAKE FOOD SALE

The Auxiliary of the Bobzin-Swinford American Legion post at Frankfort will conduct a bakery and food sale Saturday afternoon, Sept. 10. The sale will be held in the Fink store, formerly the post office and will start at 1:30 p.m.

CANCER CLINIC

The Will-Grundy County Cancer Diagnostic Clinic will hold meetings on Sept. 13 and 27 from 10 to 11 a.m. in Joliet. All patients attending the Clinic must have a referral from or be accompanied by physician.

At a meeting of the village board Tuesday night an ordinance was adopted under which the village will collect half a cent on each \$1.00 spent on taxable merchandise. The new tax will become effective Oct. 1. This means that after that date the total sales tax collected in Mokena will be three cents.

It is estimated that this tax will yield approximately \$7000 a year to the village. With this increased revenue, the village plans to hire a full time police and maintenance man. Duties of the latter will be such as, flush fire hydrants, make minor street repairs, cut grass in village park and parkways, clean catch basins, remove dead trees from village property and answer fire calls. As more homes are added to the village, more of such work is added to the maintenance of the village.

The board granted a request of the local public school, district 159, to close Second street, between Union and Mokena street between 8:45 a.m. and 3:15 p.m. This is the street in front of the educational building of the Methodist church which is being used as an additional room for the school for the first grade pupils. This is a short street, of one block and the teacher, Mrs. Minnie Pester has complained traffic on it is dangerous for the pupils. A school employee will place and remove the barriers each day.

Robert Schweizer, accountant, of Frankfort was engaged to make the annual audit of the village books.

Fred Steinhagen, trustee of the William Martin post, VFW of Mokena submitted a list of the Post's membership, as requested by the village board.

Norman Bradley, of Lincoln Estates, requested permission to re-subdivide a portion of the farm Andrew Cappel farm, which he has purchased and which is adjoining the Brightwood subdivision. His request was granted.

Also seeking approval for a subdivision, west of 116th ave., and Francis road was Glen Hensel, of Joliet who sent a plat of part of the Pete Mancke farm he is seeking to subdivide. If granted, it will be called, Glennell Heights. The board held the request for further consideration.

Building permits were granted to Albert Cappel, \$10,000 home on First street and to Edward Haislet, \$17,000 house and garage.

Trustee Lyman Teague was appointed to adjust and make needed corrections on water bill complaints.

Tractor Agency To Give Demonstration Of New Equipment

A demonstration of tractor power and equipment, including electrically operated tools whose source of energy is furnished by a tractor, is to be staged Monday and Tuesday of next week on the Barr farm. This farm, which is operated by D. T. Walker, is located on Cherry Hill road, half a mile south of Washington st., Joliet.

Moss Equipment company of New Lenox is staging the demonstration. Some 25 tractors - new model IHC's and 36 pieces of mounted equipment will be used. The demonstrations will be made between 10 a.m. and 9 p.m. Some of the equipment, of course, is for farm use, and some of it is designed for building and sewer contractors.

Mokena Methodist Church To Hold Picnic Sunday

A family picnic will be sponsored by the Mokena Methodist church Sunday, Sept. 11 at the Mokena Community park, La Porte road, for all the members of the church and Sunday school, their families and friends.

The picnic will start at 3:30 in the afternoon with games and races for young and old alike.

The picnic supper will be served at 5:30 for which each one attending is asked to bring a dish to pass and their table service. The Sunday school will furnish ice cream and pop.

Following supper a hymn songfest will climax the occasion.

BAKERY-CLOTHING SALE

The WSCS of the Frankfort Methodist church will conduct a bakery sale and clothing sale on Sept. 20 and 21 from noon to 4 p.m.

RAUS MIT!
Beat it, O pesky mosquito!
Your usefulness I cannot see;
Seems you exist just to eat-o,
The bare epidermis of me.
Curse of the summertime heat-o,
Depart with your whine and
your stings—
You I would gladly delete-o
From humankind's whole scheme
of things.

Harvest Time Bookkeeping Time On Farm

With the harvest season approaching, farmers have been giving increased attention to their responsibilities as employers under the Social Security act. According to Cornelius R. Schaffer, district manager of the social security administration, most truck farmers in the south suburban area will employ harvest workers who will receive social security credit for their employment.

"The Social Security act was amended last year," stated Mr. Schaffer, "and a farm worker who is paid \$100 or more by any one farmer in any one year will qualify for this protection. Temporary employees, as well as those employed the year round, are included."

Employing farmers need record only the name, social security number, and total wages paid each "covered" employee, according to Mr. Schaffer. Reports are filed once each year by the farmer—the report for 1955 will be due early in 1956. For employees who meet the \$100 per year test the employer must deduct 2 percent from their pay and will contribute 2 percent himself.

If the total of such taxes is more than \$100 per month, the taxes must be deposited with a bank authorized to accept Treasury Department deposits. "Ordinarily a deposit is required only if the employer pays more than \$2500 of taxable cash wages in one month," explained Mr. Schaffer. "No formal report is required at the time a deposit is made. The listing of names, numbers, and wages will be filed in January 1956."

A farm employer who has never had a social security number should secure one from the district office at 15339 Turlington ave., Harvey. This is essential in order that wages may be properly credited to the employee who has earned them.

Let's Look At The New Crops

Oats, the first feed crop to be harvested, were officially estimated at 1,513 million bushels in July. This total is 1 percent more than last year and practically equal to the record crop of 1945.

The barley crop is estimated at 384 million bushels, 4 percent more than last year and second only to the 1942 crop.

The corn crop is also expected to be the second largest on record. The July estimate was 3,450 million bushels, 16 percent more than last year.

Background Scripture: Nehemiah 1:2, 4; 6:12-27-31, 38, 43
Devotional Reading: Nehemiah 1:6-11

Executive Task

Lesson for September 11, 1955

THE city of Jerusalem was a slum. There is no other good word for it. The people, poor and few and scared, were existing in the midst of rubble. Today in Korea the cardboard shacks are coming down, more permanent houses are being built; but in Jerusalem there was no rebuilding. Everything was left just as it was after the war.

Dr. Foreman

How long had that been? One hundred and forty-one years! Four generations—as far back from Nehemiah's time as 1814 is from us. Suppose the city of Washington had never been rebuilt, since the British burned it in the "war of 1812"? Nehemiah was amazed and shocked when he heard about it. Like all prosperous Jews who lived in Persia, he had supposed everything was all right back in the motherland. When they told him how things actually were, he first cried; but then he acted.

Competition

Nehemiah, armed with a royal commission — for Palestine was now a part of the great Persian Empire—turned out to be one of the most remarkable executives in history. He went to Jerusalem as governor; but he saw it was no real city. In those days you could no more have a city without a wall around it than you can have a city today without paved streets, or telephones. The wall was an absolute number one must. No doubt previous governors had seen as much; but they had done nothing about it. Nehemiah went to work on this problem. In 52 days the wall was completed; 52 days to do what for 93 years (since the first "Return") every one else in charge of Jerusalem had failed to do. How did Nehemiah succeed where so many others had failed—or not even tried?

The answer, in one sentence, is: Nehemiah was the kind of executive who can make hindrances and handicaps work for him instead of against him. One of the handicaps obviously was the many jealous divisions among the people. The class-spirit can be shown just as easily in a group of castaways on a desert island, as it can in New York. Nehemiah knew all about this; and he organized his wall-builders by groups according to their occupation. The goldsmiths built here, and the priests built there, and so on. No group wanted to be outdone by any other group, so they all pushed on till it was done. It takes healthy competition to bring out what people can really do.

Fear Can Be Useful

Perhaps the big reason why the wall had never been built was that the people, ill-equipped and leaderless, knew that their watchful enemies would not want Jerusalem to rise again. They were afraid of "reprisals" or raids from one place or another, if they really set to work to build a real city again. Now Nehemiah did not wait till they got over being scared. They never would. So he (so to speak) tied that scare to their coat-tails, like a pack of firecrackers. He ordered the citizens, as far as it was practical, to build the part of the wall nearest to where they lived. Every man and woman (yes, there were women) working on the wall would think: If this section of wall goes down, my own home will be the first one pillaged! So of course these scared people worked like mad, each one determined that if the wall gave way anywhere, it wouldn't be near his house.

Putting Human Nature To Work

All that business about the spears, and other army equipment—ordering half the people to stand by in battle dress while the rest worked on the wall—may have scared off the enemy raiders; but it did something else: it got the wall built in an amazingly short time. Just the sight of those spears would put everybody into high gear. They wanted to finish that wall before the battle started. It never started; but Nehemiah's dramatic mobilization kept those amateur wall-builders going from dawn till dark. So Nehemiah showed in his time what the best executives have always shown: the skill to use human nature as it is, on the hoof. Executives—governors, presidents, heads of corporations, bishops—could doubtless get better results with better people. CARD OF THANKS
We wish to extend our thanks and appreciation to those who came to the aid of our sons Saturday evening when they figured in an auto bicycle accident on Wolf road.
MR. and MRS. HARRY FEE
MR. and MRS. C. L. JOHNSON

Edwin C. Dunham attended the retail hardware management institute at Illinois university last week.

Mr. and Mrs. Leigh Kropp and son, Wesley returned Tuesday from Dixon, Calif., where they spent the summer with their parents. Mr. Kropp will continue his studies at the Lewis college of Science and Technology.

Mrs. Harold Cooper entertained the Afternoon pinocle club in her home Thursday afternoon following a two months vacation.

The Schuhl reunion was held Sunday at Nowel park in Joliet with 45 present. Pot luck dinner was served at noon followed by games and swimming. Officers elected to plan for next years reunion were Mrs. John Guindenzoph, Manhattan; Gordon Spiess, Mokena and Donald Schroeder, Frankfort.

Mr. and Mrs. Roy Kropp returned Tuesday from their summer home at Bass Lake, Ind.

The WSCS Evening circle of the Methodist church will meet Friday evening Sept. 9 in the home of Mrs. Fred Ricketts. All members are urged to attend.

David Kropp will leave Sept. 15 to start his senior year at the Illinois Institute of Technology in Chicago. He is majoring in architecture.

Mr. and Mrs. Willis Liston and family have rented the home of Mrs. Carrie Mattes. Mr. Liston is employed in Chicago.

Mr. and Mrs. Carl Schweer of Mishawaka, Ind., and their daughter Jean of Bloomington, Ind., Mr. and Mrs. Harry Peterson and Mrs. Genevieve Morgan and children of Anderson, Ind., spent Monday with Mr. and Mrs. Albert Braun and Mrs. Carrie Mattes. Miss Schweer who received her master's degree in nursing at the Indiana university this summer is now teaching that subject at the university.

city this summer is now teaching that subject at the university.

Mrs. Henry Clarke and son Henry spent last week with her parents at Niles, Mich.

Daniel Gode, son of Rev. and Mrs. A. W. Gode will enter Valparaiso university this month.

George Wannemacher and William Wannemacher of Tinley Park will leave Sunday for a motor trip to Dickenson, No. Dakota, to visit the latter's brother Pete.

A daughter was born to Mr. and Mrs. Kenneth Corneils in Silver Cross hospital, Aug. 22. The baby weighed eight pounds and seven ounces and has been named Ann Marie. They were welcomed home last Wednesday by her three brothers.

Mrs. Edward Schmidt returned Sunday from Silver Cross hospital where it was reported she was a surgical patient. After being in the hospital, it was decided to postpone the surgery.

Mr. and Mrs. James Marshall and son of Chicago spent the week with her parents, Mr. and Mrs. Willard Martie.

A daughter was born to the Rev. and Mrs. Arthur Contois in Silver Cross hospital Aug. 31. The baby weighed seven pounds five ounces and has been named Denise. Mother and baby returned home Saturday. The Contois have a son, Scott, eight years old.

Mr. and Mrs. Edwin Hirsch of Chicago Heights, well known and former Mokena residents, spent six delightful weeks touring Europe this summer. Their son Robert, a student at De Pauw university at Green Castle, Ind., is working during the summer as a guide on a conducted tour through many European countries. His parents made the trip both ways by plane and met the tour, which went by boat, in Paris. From there they had a new Mercedes car in which the three toured France, Germany, Belgium, Holland, down the Rhine river into Italy. They flew across the English channel and toured England and Scotland from where they returned by boat three weeks later, is seriously thinking of making a career of conducting this tour.

The Women's guild of St. John Evangelical church will meet next Thursday, Sept. 15 at 2 pm. in the church. Mrs. Milton

Bettenhausen and Mrs. Rudolph Englehart will present the devotion on the topic of "Christian Vocation." The study period will be on the subject of Pension and relief. Hostesses will be Mrs. Everett Creer, chairman assisted by Mesdames Anton Benson, Albert Braun, Ed Dunham, Joseph Halla, Albert Lorenz, Helen Scheer, Walter Schoeneck, Fred Yunker and Orville Yunker.

Barbara and Jack Martie will leave this weekend for the Milliken university at Decatur. Barbara will major in nursing and Jack in chemistry.

The Friendly circle of St. John's church will meet this evening at 8 o'clock in the church. Hostesses will be Mesdames: Mildred Martie, Joyce Bennett and Wm. Riemann.

Those in charge of devotions will be Mrs. Mildred McMillan and Mrs. June Kropp.

FRANKFORT

The Frankfort Community Band Parents group will hold their first fall meeting in the school gym Friday Sept. 9 at 9:30 a.m. The new director will be present to explain the new idea in establishing and maintaining a band.

All parents of the students of the school and parents of previous band members are urged to attend this meeting.

Mr. and Mrs. Arthur Siegfried is spending this week in Colo. where they went to attend the wedding of their son Kenneth. The latter is stationed there with the army.

Seaman Gene Bennett who spent a 30 day furlough with his parents, Mr. and Mrs. Clark Bennett left last Wednesday by plane to return to San Francisco, Calif. to his duties aboard the Carrier Wasp.

New Design In Strip Cup Boon To Dairy Farmer

A strip cup, properly used, has always been a good friend to the farmer in keeping his cows free of mastitis. Regular use of a strip warns the onset of mastitis and enables the farmer to take precautionary steps to cut the infection short.

For many years, strip cups had a screen set down into the cup. The difficulty in cleaning the screen and the time thus lost often dissuaded farmers from using a cup every day.

Lately, new ideas in cup design have been brought forth. The most recent is the substitution of a shallow black plate for the screen, in the cup.

The plate has a hole in one edge to allow milk to flow down

into the cup. As the milk passes over the black background, any abnormal milk lumps, flakes or strings in the milk, or any blood, is easily seen against the black background. The new cup has the additional advantage of being extremely easy to clean. One dip in a pail of water and the plate is clear and ready to be used on the next animal.

Daily use of the strip cup will prevent any chance of mastitis becoming well entrenched in a herd before being caught. It will also prove excellent as an aid to milk let down and will eliminate low butterfat, high bacteria foremilk.

Dairy heifers should gain from a pound to a pound and a half a day, depending on breed and on management practices, says a University of Illinois dairy specialist.

Dramatist Will Give Program For Church Group

Mildred R. Brom, dramatist and character impressionist, will entertain at the Sept. 13 meeting of the Altar and Rosary society of St. Michael's church of Orland Park. The meeting will be held in the church basement.

Mrs. Brom will present a one-woman show made up of humorous monologs, musical readings and character interpretations. She is the dramatic arts teacher in many parochial schools as well as a teacher in corrective speech and also is the organist and choir director at St. Cyril and Methodius church in Chicago.

The program will be presented immediately after the business meeting which is scheduled for 8 p.m. Hostesses will be the Mesdames Harold Ashe, Frank Connell, Lawrence Connell and John Butler.

Members may bring a guest.

St. George's Altar and Rosary

The Altar and Rosary Society of St. George's church will hold its first meeting Monday evening, Sept. 12 at 8 p.m. in the new school.

An invitation is extended to all new parishioners to join the society and to participate in the activities throughout the year.

There will be a short business meeting, installation officers, free buncos, games, prizes and refreshments. An enjoyable evening is anticipated.

McCarthy Morning Star Mission Has Busy Month

The Morning Star mission in Joliet, founded and operated by Peter McCarthy, is now beginning the eleventh month of its 46th year. The mission was started in November so its calendar begins with that month.

The mission has become an institution and is known thruout the country. Everything there, the lodgings, clothing, food and any other needs furnished, is free.

Supt. McCarthy's report for August shows conversions numbered 31, free meals 175, while 90 persons were furnished with clothing and 25 families given aid. Bus fares were paid for 54 persons stranded in Joliet and other communities in Will county and 70 dozen doughnuts were given out to youngsters who called at the mission.

Episcopal Bishop To Be Enthroned At Chicago Sept. 29

A service of enthronement, at which the Cathedral of St. James of the Episcopal diocese of Chicago, will be formally set apart as the bishop's seat, will take place at 10:30 a.m., St. Michael and All Angels' day, Thursday, Sept. 29.

On this day, which will mark the fifth anniversary of his consecration, Bishop Francis G. Burrill has expressed the hope that "all the clergy and people of the diocese will be present with me to give thanks to Almighty God and His many blessings."

Because the diocese had no cathedral last year when the bishop was installed as diocesan (the former Cathedral of SS. Peter and Paul burned in 1921) Bishop Burrill was not enthroned but was merely installed in the bishop's chair in the parish church of St. James "as representing all the church of the Diocese."

The service of enthronement will open with a procession of the clergy of the diocese, visiting bishops of the province, the faculty and students of Seabury-Western seminary, and members of the cathedral chapter. At the west door of the church, the bishop, following ancient tradition, will seek admission by knocking three times on the door, and his entrance will be heralded by a fanfare of trumpets.

Bishop Emrich of the diocese of Michigan, will be the preacher and an anthem, especially written for the occasion by Leo M. Sowerby, will be sung by the cathedral choir.

GREATEST FACTOR

We Americans not only believe in but we practice the importance and sanctity of the individual. We have no class system; we care only who the man is, what he stands for, and what products flow from his hand and mind.

The competitive freedom of the American individual to advance to any height his ability and energy can take him is the greatest single factor in the success of our economic system.

"Devil Dog Teens" Program Success, Promoters Declare

The last of the "Devil Dog Teens" are leaving the naval training center at Great Lakes now, groomed to spearhead a new idea among teenagers in Illinois' Cook County.

The 45 youths have just spent a week at Great Lakes with sailors and marines undergoing a program designed to support character building among the teenagers.

How well they succeeded is yet to be determined, but Cook County's Sheriff Joseph D. Lohman, their sponsor, hoped they will help combat teenage crimes.

"This program will serve as a symbol to community organizations, public and private, concerning war on juvenile delinquency," he predicts.

Navy and Marine Corps officials at Great Lakes think so too. According to Capt. A. G. Koesterer, USMC, officer in charge of the "DDT" units here, the program was successful.

"The 16 and 17 year olds were more adaptable to discipline than the 13 and 14 year olds," he reports, "but most of them enjoyed themselves here."

Selects Cast For "Harvey"

Following try-outs last week, The Suburban Players announced the cast for "Harvey," their first play of the season. Dick Casey, of Homewood, director of the Pulitzer Prize comedy selected Bill Smith, Calumet City, and Anne Heaton, Chicago for the principal roles.

Others in the cast include: Mrs. Russell Earnhart, Charles Henderson, Carrell Davis, Barbara Ekstrom, and Joan Figlewski; all from Homewood. In addition, Robert Strong, of Olympia Fields and Mrs. Mildred Froelich and Horace Hurley of Harvey will have roles in the play which is to be presented on October 21 and 22 at the Thornton Township high school auditorium in Harvey.

Rehearsals will be held Tuesday and Friday evenings at the Suburban Players' headquarters at 128 East 154 st., in Harvey. There are several jobs on the production staff as yet unassigned. These include wardrobe, properties, set construction etc. The Suburban Players welcome all who might be interested in joining the group and working on these activities.

"Harvey" is the story of one Elwood P. Dowd, a thoroughly affable semi-lush who has renounced the daily struggle with reality in favor of a more pleasant existence in the company of an invisible, six foot rabbit, named Harvey. The impact of this pair of gadabouts upon Elwood's more "stable" associates produces an evening of charm and whimsy.

SUNSET REVIEW

The Woman's Benefit Association Sunset Review No. 160 held its social meeting Sept. 1st at the home of Mildred Sayre. After a short business meeting the hostesses served refreshments and buncos was played. Hostesses for the evening were Mildred Sayre, Doris Johnson and Hilda Johnson.

Tinley Park Unit No. 615

At the annual birthday party of the Auxiliary of the American Legion at Tinley Park, special honor was given to members Hilda Johnson and Dora Studer whose birthdays were in August and who are also the oldest members of the unit. Each were presented a pin. The birthday song was sung and Judy Brandau, a junior member, from Otis, Color., also sang and Mrs. John Swisher read a verse to each honored guest.

An electric blanket was awarded to Ernest Sayre, 175th St. Chairman Creta Keuch had prepared a chicken noodle supper plus desert, corsages, and planned the entertainment. Buncos was played with each receiving a prize.

Joint installation of officers will be held Saturday, Sept. 17 at 8 p.m. in the Legion hall.

The next meeting will be Friday, Sept. 9 at 8 p.m. at which time the new officers will be presented. Members are reminded that the 1956 dues are now payable.

Educational TV Programs Will Get Started Soon

WTTW, Chicago's educational television station on Channel 11, will begin a two-day-a-week schedule of test programs Sept. 19, according to an announcement by Dr. John W. Taylor, the station's executive director.

Test shows will be broadcast between 4 and 10 p.m. every Monday and Friday, he said.

The two-day schedule will continue until late fall when WTTW's permanent studios are completed in the east wing of the Museum of Science and Industry. The station then will start its full schedule of 30 hours a week, Monday thru Friday, Dr. Taylor explained.

Test programs will be aired from the Chicago board of education studio in the Bankers Building, 105 West Adams st.

The initial two days of programming will include live programs, films and kinescopes of top shows from other educational TV stations, Dr. Taylor said. The latter will be provided by the educational TV and radio center, an independent organization set up by the fund for adult education to aid educational TV stations.

Tinley Garden Club To Meet

Tinley Park Garden club will start the season off with a trip to the home of Mrs. Mary Meyers at 1014 Forest Hills ave., in Calumet City to view her African violet plants. The date set is Sept. 15. Mrs. Hilding Anderson, program chairman is in charge of arrangements. Members are asked to bring a box lunch.

The Garden club will have an exhibit at the Blue Island flower show Sept. 17.

Godey's Lady's Book was the first women's magazine in the U. S.

Lorraine Lillwitz And Robert Brucken Married Sept. 3

Miss Lorraine Lillwitz, daughter of Mr. and Mrs. Rudolph Lillwitz of Orland Park became the bride of Mr. Robert Brucken, son of Mr. and Mrs. Joseph Brucken of Chicago Saturday evening, Sept. 3 at services held in the Christ Lutheran church in Orland Park at 7 o'clock. The pastor, the Rev. A. Lach officiated using the double ring ceremony. The church was decorated with baskets of white gladioli.

The bride wore a gray suit with a pink hat and wore a white orchid corsage. Mrs. Shirley Lillwitz of Mokena attended the bride. She wore an American beauty colored suit with matching hat and a white gardenia corsage.

Gordon Grossenbacher of Chicago was best man.

Following the service a wedding supper, was served buffet style, in the home of the bride's parents to the bridal party and members of both families.

The new Mr. and Mrs. Grossenbacher are enjoying a honeymoon trip in Wisconsin and upon their return will make their home in Orland Park where they have recently purchased the former home of Mrs. Edna Ahlrep.

National Tea To Participate In Meat Campaign

National Tea Co. will participate in a nationwide meat merchandising campaign by chain super markets and stores this fall and winter at the request of the producers of hogs, cattle, sheep and poultry. First in the series of eight special efforts to market this year's record total meat supplies will be a pork campaign scheduled for Sept. 1 to 10, according to H. V. McNamara, president.

As a result, the homemaker will find especially good buys in all cuts of pork, McNamara pointed out, and this abundance

is expected to increase from now until Christmas. The approaching Labor Day week end offers a natural opening to the pork season in most homes, he added, with pork - from breakfast sausage to roast, chops and juicy hams - heading the list of good buys for every mealtime occasion.

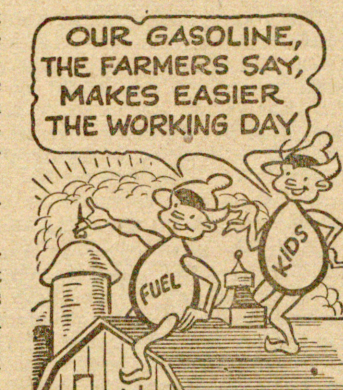

The all-inclusive meat merchandising plan was developed early in August when producers and retailers met in Chicago at the urging of the national association of food chains, of which National Tea Co. is a member. The livestock producers who worked out the program at that time and requested merchandising aid from food retailers included: the American Farm Bureau Federation, American National Cattlemen's association, National Council of Farmer Co-

operatives, National Grange, National Livestock Marketing association, National Swine Growers' Council and the National Wool Growers' association. National Tea Co., and other members of NAFC agreed to cooperate in this program to build meat consumption thru effective selling and thereby help to stabilize the farm economy. Beef and lamb will be emphasized in other campaigns later on.

Steer calves wintered on corn silage, hay and protein supplement should gain from 1 1/4 to 1 1/2 pounds a head daily, according to specialists at the Dixon Springs Experiment Station.

In southern Illinois, Knox wheat has outyielded Vigo, Seneca and Saline.

DUMPING CRIMINALS ON WILL COUNTY

It will be well for the Will county board to move slowly on the proposal submitted by the state last week to establish a diagnostic center or receiving depot for youthful criminals on what is now the County Farm.

The state does not say so but it would seem that it has the idea of making Will county a penal colony, so to speak. Already located here are the old penitentiary and the diagnostic center at Joliet, Stateville prison and the Honor Farm. And now the state youth commission would bring its charges here to sort them out prior to distribution among the various institutions.

A spokesman for the youth commission who appeared before the county board last week

said that county courts in the state are now referring between 20 and 25 juvenile delinquents to the commission each week.

These youths - boys and girls ranging in age from 14 1/2 to 16 - would be sent here for processing. They would be given physical examinations and other tests to determine if they are to be sent to other state institutions, youth camps, foster homes, or just released.

The youngsters referred to the youth commission are for the most part "hard cases" the repeaters - boys that should be in St. Charles, or Sheridan, - girls that should be in the institution at Geneva. Instead of being dispatched to those places by the courts they are referred to the youth commission for disposal.

Naturally most of these cases originate in the juvenile court of Cook county since that is where the bulk of the state's population lies. The plan of the youth commission had been to establish its diagnostic center in Chicago where it would be possible to take advantage of the talents of the various "clogists" - at the prison convicts refer to these scientists as "bug doctors" - of Northwestern and the University of Chicago. And that would be a good thing because the young criminals probably would be kept under close supervision.

The youth commission head says that the proposed center in Joliet would be a security institution but it is expecting too much of the commission to keep it so. Given 160 acres to play with could be quite a temptation to the starchy-eyed do-gooders that are a constant plague to officials who endeavor to follow a just but practical rule in the care and keep of state charges.

It is quite likely that the young delinquents would soon be put to "useful tasks" on the farm "to build up their self respect and overcome any frustrations or lowering of mood that might be produced by restraint."

It is said there would be an average of 100 youths at the center at all times. No estimate of the probable number of escapes has been made but it is fair to assume that there would be as many - in proportion to the population - as there are now at the St. Charles School for Boys.

These youths are "just boys," that is escaping from St. Charles the do-gooders gush, and the fact they have frequently attacked, pillaged and robbed neighboring householders and farmers before finally making off in a stolen car, is airily brushed aside by the star-gazing contingent who point out that if the victims had only anticipated the "dear boy's" desires and given them the money, a pistol or a car in the first place they - the victims - would not have been injured.

The youth commission has not said whether locks and bars would be placed on the doors and windows of the diagnostic center but regardless of what the commission does anyone living within a radius of five or six miles of the place would be wise to see their doors, windows and persons are kept secure.

FEED SUPPLIES EXCEED 1954 RECORD

Bumper crops of oats and barley are in the bin. Near-record crops of corn and sorghum grain are nearing maturity. The hay crop is the largest on record. Most pastures and ranges are much better than they were last year. And Uncle Sam has so many bins of old corn that he hardly knows what to do with it.

These large supplies mean persistent downward pressure on prices and continued large production of livestock and livestock products.

We will use some of the old corn and sorghum grain before the new crops are ready. Altogether, however, the total carry-over of old feed grains is expected to be about 38 million tons compared with 32 million tons a year ago.

TINLEY PARK

Tel. 2-4728

CARD OF THANKS

We wish to express our sincere gratitude to the inhalator squad, Chief Harold Moore, our many friends and neighbors who were so kind to us when our baby was taken ill Saturday evening.

MR. AND MRS. RALPH BIGELOW

The faculty of the Tinley Park grade schools were guests at a tea Sept. 1 with the PTA Executive Board as hostess. Other guests were, Mrs. Margaret Harcourt, Mrs. Joan Tucker, and Miss Evelyn Brandau, the latter taking her student teaching at the Bert Fulton school.

A son was born in St. Francis hospital, Blue Island, Aug. 26 to Mr. and Mrs. Robert Buttrick, 17806 Sayre Ave.

A daughter was born Aug. 30 to Mr. and Mrs. Andrew Bartholomew, 17614 S. 65th ave., in St. Francis hospital, Blue Island.

Roy Murphy, Airman 3rd class stationed at Kessler Airforce base near Biloxi, Miss., has just finished Electronic and Radar school and has been selected to attend instructor's 10 - week course on the same base. Roy will be in service one year in November.

Roger Pierce, son of Mr. and Mrs. M. D. Pierce of 17023 Oak Park avenue receive confirmation from Purdue university this past week that he has been accepted as a student teacher in Geometry at the university. Roger will be in his junior year, and this is quite an honor for a third-year student.

Mr. and Mrs. Richard Freund, daughter Karen and the latter's sister returned from a trip to Niagara Falls the past week.

Mr. and Mrs. Lewis Shawver returned from a three-week trip to the west coast. They visited Yellowstone National Park, Salt Lake City, Denver, etc. While in California Mrs. Shawver enjoyed visiting with her son and family, Mr. and Mrs. Tom Hilton. When the Shawvers arrived home they found a letter awaiting them announcing the arrival of a new grandson, born August 8 and named James William. He was born the day after they left Burkel, Calif., home of the Hiltons.

Mrs. Lewis Shawver entertained six ladies for coffee on Thursday evening of the past week.

Mrs. Harold Zobac entertained all-day guests on Thursday; Mrs. Thyra Zobac and daughter Jeanne, and Mrs. Zobac's niece and family.

Audrey Johnson, daughter of Mr. and Mrs. E. G. Johnson of Hubbard lane, celebrated her 12th birthday Aug. 30 with a beach party and wienie roast at Calumet Beach. She and a group of her little friends had an en-

joyable time.

Hobart Smith of Sayre ave., is confined to his home for a month, following a heart attack.

The Burley Anfield left Saturday for a vacation in Colorado.

Mr. and Mrs. Fred Willman of Harlem ave., spent the week end with their daughter and family, Mr. and Mrs. John V. McCarthy, in Midland, Mich.

Mrs. Beverly Engel, daughter of Mr. and Mrs. Henry Olsen, was given a farewell party Saturday, Sept. 3 with friends and relatives attending. Beverly is flying to Paris, where she will be met by her husband, Pfc. Richard Engel who is serving in France with the U. S. army. They will then motor to Bordeaux, where he is now stationed. Beverly will remain with her husband until his discharge next year.

Mr. and Mrs. Nichols Bink and family have moved into their newly built home at 17150 Overhill ave. The Binks came from Chicago and have two children, Ruth, who is in 7th grade and Kenneth in 2nd grade. Mr. Bink is employed at the

Argonne laboratory at Lemont as a research technician.

For TOUGH fall plowing—

—and all other plowing, too,
just try this new Ford Tractor!

Ford's great "Red Tiger" engine with large bore and short stroke develops extra power with less piston travel, less friction, less wear—fast acting governor gets "in there" under a heavy pull. Ford's new Live-Action Hydraulic System works with the plow to keep going under all conditions. And because it is so easy to handle, the new Ford Tractor covers more ground in a day. See it... try it. Ask for a demonstration.

STATUT OF THE
THE PEOPLE OF THE
Plaintiff,
vs.
MARTIN KOVACICH, ET AL,
Defendants.

IN CHANCERY NO. 57370
TAX FORECLOSURE NOTICE

Notice is hereby given you,
Martin Kovacich and Unknown
Owners, that suit entitled as
above has been commenced and
is now pending against you and
other persons, wherein plaintiff
seeks to foreclose the lien of
foreclosed taxes for the years 1931
to 1953, both inclusive, the lien
of delinquent installments 1 to
10, both inclusive, falling due in
the years 1915 to 1924, both in-
clusive, respectively, of Special
Assessment Warrant No. 624 of
the Village of Rockdale, Illinois,
the lien of foreclosed installments
7 to 20, both inclusive, falling
due in the years 1932 to 1945,
both inclusive, respectively, of
Special Assessment Warrant No.
936, of said Village of Rockdale,
and the lien of foreclosed instal-
ments 6 to 10, both inclusive,
falling due in the years 1932 to
1936, both inclusive, respectively,
of Special Assessment Warrant
No. 939 of said Village of Rock-
dale, upon:

Lot 20, in Block 16, in Rock-
dale, a Subdivision of part of
the East 1/2 of the Northwest
1/4 of Section 20, Township 35
North, Range 10 East of the
third Principal Meridian, ac-
cording to the plat thereof re-
corded September 28, 1892 as
Document No. 170358, in Plat
Book 8, pages 38 and 39, in
Will County, Illinois.

And you are further notified
that unless on or before October
3, 1955, you shall appear and
defend in said suit, default
judgement may be taken against
you on the day following or
thereafter.

PUBLIC NOTICE

Notice of Proposed Change
in Gas Schedule
NORTHERN ILLINOIS GAS
COMPANY hereby gives notice
to the public that it has filed
with the Illinois Commerce Com-
mission on August 31, 1955, Ri-
der 7—Municipal Compensation
Adjustment.

This filing proposes that ef-
fective with meter readings tak-
en on and after October 1, 1955,
the Company's standard rates
and charges for gas service shall,
in any municipality to which the
company pays a percentage of
its revenues for gas service un-
der a franchise ordinance, be

increased by an additional charge
to cover the amount paid to such
municipality under such fran-
chise ordinance.

Further information with re-
spect thereto may be obtained
either directly from this Com-
pany or by addressing the Secre-
tary of the Illinois Commerce
Commission at Springfield, Illi-
nois.

A copy of the proposed change
in the Schedule may be inspect-
ed by any interested party at
any business office of this Com-
pany.

VILLAGE ORDINANCE NO. 385

BE IT ORDAINED BY THE
PRESIDENT AND BOARD OF
TRUSTEES OF THE VILLAGE
OF MOKENA, COUNTY OF
WILL, STATE OF ILLINOIS, AS
FOLLOWS:

SECTION 1. A tax is hereby
imposed upon all persons engag-
ed in the business of selling
tangible personal property at
retail in this Village at the rate
of one-half of one percent of
the gross receipts from such sales
made in the course of such busi-
ness while this Ordinance is in
effect, in accordance with the
provisions of Sec. 22-111 of the
Revised Cities and Villages Act.

SECTION 2. Every such per-
son engaged in such business in
the Village shall file on or be-
fore the fifteenth day of each
calendar month, the report to
the State Department of Reve-
nue required by Section Three
of "An Act in Relation to a Tax
upon Persons Engaged in the
Business of Selling Tangible Per-
sonal Property to Purchasers for
Use or Consumption" approved
June 28, 1933, as amended.

Finish Third in League Standings

The Sportsman's club baseball team of Tinley Park has now completed its 1955 season with a record of 10 wins and six defeats.

Altho Tinley had to be satisfied with finishing in third place this year it was a great improvement over last season when the Sportsmen were able to win but one game out of 11.

New players signed this year strengthened the team both on offense and defense and those in charge are hopeful that Tinley will win the championship.

Pictured left to right, (standing) are: Mgr. Les Rump, Ken Gerden, Don Kuech, Wes Landau, Ron Shaper, Les Becue and Paul Ebeling, (Sitting) Moose Nasebandi, Dan Anfield, Ron Harnack, Slick Sedlacek and Dave Morlock.

Would Be Trickier If Contestants Wore Blindfolds

Jack Fleck, 1955 U. S. Open golf champion will participate in a golf contest he can't possibly win on Wednesday, Sept. 14.

Fleck and two other pros will tee off close to 300 times at the St. Andrews Golf Course, near Chicago, but will never make an approach shot or putt. If they hole a ball, it'll have to be on a hole-in-one.

The Open champ and his associates will be deciding the winner of a unique annual nationwide hole-in-one contest conducted by a sporting goods company of Chicago. Any owner of a golf cart or one of the company's other golf products who scored a hole-in-one during the year is eligible to enter the contest.

Each entrant's name is inscribed on a golf ball. The ball that Fleck and the other pros hit closest to the cup will determine the first prize winner of a new Cadillac.

More than 200 hole-in-one scorers eligible for this year's contest have already reported their feat, according to Herbert C. Johnson, Jr., Nacdo president. He estimated another hundred entries would be received in the "last minute" rush before the Sept. 14 deadline.

Remind Farmers Of Measures On Child Labor

As schools prepare to open for the fall term, farmers and commercial growers, whose crops or products go into interstate commerce, were reminded today that the child-labor provisions of the Fair Labor Standards act - the federal wage and hour law -

Ten Top Corn Growers Tell Secret of 200-Bushel Yields

Good management practices build top corn yields per acre. TEN TOP Indiana corn growers, whose 1954 yields ranged from 175 to 214 bushels per acre, had these practices in common, according to studies by Purdue University agronomists:

1—They believed in "pouring on fertilizer"; 2—The champions suited their planting rate to the soil's fertility level; 3—All of them drilled their corn, with row widths varying from 35 to 40 inches; 4—All growers planted hybrid corn.

M. O. Pence, Purdue agronomist, says that all 10 growers used high analysis row or starter fertilizer, varying from 200 to 400 pounds per acre. Nine of the 10 either side-dressed with nitrogen or broadcast and plowed down additional fertilizer such as 10-10-10 or 15-15-15.

The two top growers used 3,000 and 1,300 pounds of ferti-

lizer per acre, respectively in getting their high yields. The champions are firm believers in growing legumes or legume-grass crops regularly in the rotation. Six of the 10 top yields were produced on fields that had been in alfalfa, sweet clover or blue grass pasture. Only two growers followed corn with corn.

The stalk population on the various fields ranged from 16,000 to almost 30,000 per acre. Seven of the 10 growers used certified seed, and three used pedigreed hybrids. "It will pay corn growers everywhere," says the Middle West Soil Improvement Committee, "to brush up on the good practices used by these champions and by other growers in their states who get high yields and cut their cost of production per bushel."

Seeking the cooperation of farmers in an effort to eliminate unlawful child-labor, O'Malley pointed out that there is no restriction on the employment of children, regardless of age, when working on farms before or after school hours, on week-ends, during school holidays or regular school vacation periods.

The farmer is responsible for finding out the correct age of each young worker, and the farmer is protected from unintentional violation of the child labor provisions, if he has on file an unexpired certificate of age acceptable to the U. S. department of labor which shows the young worker to be at least 16 years of age.

The farmer must also keep a record for every minor under 18 years of age, who works on any day when school is in session, showing the minor's name in full, date of birth, and the address of his permanent home and where he lives while working, if his permanent address is elsewhere. However, such data need not be maintained for any minor who works only on days when school is not in session.

If an under-age child works on a farm subject to the law during school hours, then the farmer is responsible for the violation of the child-labor provisions of the Act, regardless of who hired the under-age child.

For more information on federal child-labor laws, contact the U. S. labor department's wage-hour office located at Room 1100, 105 W. Adams st., Chicago.

The University of Illinois recommends Clinton, Clintland and Clarion oats for northern Illinois and Missouri O-205 for southern Illinois.

EDDIE the EDUCATOR says

"Back to School" should be a reality and not merely a slogan. School will be what we want it to be.

Would Keep Doors Locked After Crash

Development of a new type of safety interlocking device to prevent automobile doors from being forced open in the event of collision has been announced by Fisher Body division of General Motors.

James E. Goodman, general manager of Fisher Body and vice president of General Motors, revealed that the new interlock is currently being installed in all General Motors passenger cars.

The first installations began last May, Mr. Goodman said. Production and installation of the device followed a long period of development work and exhaustive testing.

The new interlock device consists of a flange on the door portion of the locking mechanism which overlaps another flange on the striker mounted on the body pillar. This overlapping or interlocking prevents disengagement of the door lock from the striker, thereby preventing doors from opening even under severe driving impacts.

Mr. Goodman stated that exhaustive tests indicate that the new interlock will prove to be a significant advance in automotive safety, and that its introduction is the result of a continuing program devoted to intensive safety engineering.

In one of the severe impact tests conducted by Fisher Body at the General Motors Proving Ground a car was driven into the side of another car equipped with the safety interlock. Although the standing car was badly damaged, the new device prevented the doors from being forced open.

Body distortion tests were also used which exerted even greater stresses on the body structure around the door openings that would be encountered in the average accident. Here, too, the new interlock kept the door lock and striker fully engaged.

New President Takes Office At U. of I. Today

David Dodds Henry became the twelfth president of the University of Illinois today, Sept. 1. He succeeds Lloyd Morey, who served two years after having been comptroller for 37 years. Dr. Henry had been executive

vice chancellor of New York university since 1952, but before that had been president of Wayne university in Detroit. He had been a member of the Wayne staff from 1935 and was its executive vice president from 1939 to 1945.

Before going to Wayne, he was for two years assistant superintendent for higher education in the Michigan State Department of Public Instruction.

At New York University, Dr. Henry was primarily responsible for the University's educational program, but also assisted the chancellor in general administration. New York, with an enrollment of more than 38,000, is the largest privately supported university in the world. It has fourteen schools, colleges and divisions.

Dr. Henry will be 50 years old Oct. 21. He was born in Pennsylvania, and received all three of his degrees from Penn State university. He is a member of eight educational groups, including Phi Beta Kappa. He has been active in varied educational and civic affairs, and a leader in the development of educational television.

He is the past president of the Association of Urban Universities, has served as first vice-

chairman of the American Council of Education, as a member-at-large in the National Council of Honor Societies, and as a member of the National Commission of Accrediting.

The Henry's one child, David, who graduated from Indiana university last year, has been working for a legal firm in New York City this summer.

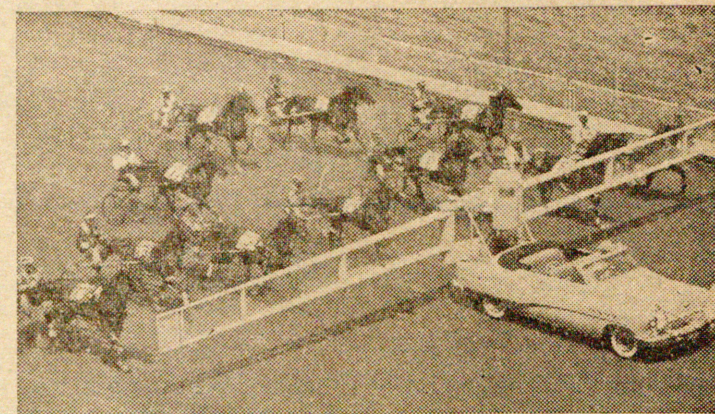

WHO'S A CAPITALIST?
There are millions of them in America, for a capitalist is . . . every man and woman who has a savings account, a life insurance policy, or a share of stock . . .

. . . the families that are seeking to set aside something for their old age, the people who are looking beyond the mere desire for a shorter work week to the hope of providing a shorter working life for themselves, a better future for their children . . .

. . . the millions of people, in a word, who deny themselves the luxuries of today in order to provide the necessities of tomorrow.

Approximately half of the people suffer some form of allergy.

Only out but of three suicide attempts is successful.

BEST IN THE WORLD . . . Seven days of outstanding harness racing will be included in the program for the 1955 Illinois State Fair, Aug. 12-21. The State Fair Colt Stakes, at which the largest one day purse in the sport's history—\$229,250—was paid in 1954, four days of Grand Circuit races and the Castleton Farm Breeder Filly Stakes highlight the program of 34 races worth an estimated aggregate purse of \$415,000. Tickets for harness races are \$1.50 and \$1 for each of the seven days, Aug. 12, 13 and 15-19. State of Illinois—DDR

IN MEMORIAM

HEISNER, Otto B.—In loving memory of my husband, father and grandfather, who passed away nine years ago Sept. 7. Not dead to us who loved him.

Not lost, but gone before, He lives with us in memory, and will forever more, and WIFE, CHILDREN and Grandchildren

CARD OF THANKS

I wish to extend my sincere thanks to all my friends, relatives and neighbors for the cards, cheery notes and gifts sent to me while in the hospital; also to the Rev. Ben Day for his visits and prayers.

MRS. WALTER CARLSON

Mr. and Mrs. Wilbert Klier and family, her sister, Miss Sylvia Bode of Tinley Park have returned from a week's fishing trip at Hachensack, Minn.

Mrs. Emma Herman and brother Valentine Scheer of Manhattan were guests of Mrs. Frank Kohlhaugen a day last week; also the latter's sister, Mrs. Mary Deist, spent a day with her.

Mr. and Mrs. Wendell Morrison and family have returned after spending a 10 day vacation at Crystal Falls, Mich.

Robert Novota was the honored guest last Friday afternoon when nine boys were entertained at a party by his mother, Mrs. O. J. Novota at his home, in honor of his eleventh birthday. Games were played and later a birthday cake and refreshments were served. Robert received many nice gifts.

Mrs. Margaret Schram of Elwood is visiting her son and family, Mr. and Mrs. Burnett Schram.

Mrs. Walter Carlson returned home last Wednesday, after undergoing surgery in Silver Cross hospital. She is recuperating nicely.

The Royal Neighbors met in the village hall Thursday evening, with Mrs. Edward Waring, orator, presiding. Deputy Keckesen and Miss Martha Lang of Joliet were guests. Hostesses were Mrs. Joseph Scott and Mrs. Edmund Ebert.

Mr. and Mrs. Lawrence Woodman and Mrs. Lilly Herschbach had as their dinner guests last Wednesday evening, Dr. and Mrs. W. V. Hedges, Mr. and Mrs. Glenn Folkers and Miss Charlene Folkers. Friday evening the Walter Herschbach family were dinner guests.

The W.S.C.S. met in the Methodist church last Thursday afternoon. Mrs. Blanche Mitchell was devotional chairman and Mrs. Ervin Schellhase had charge of program. The topic was "The Spread of the Kingdom in Perilous Times." Mrs. J. Hostert presided at the business meeting. The study class will begin Sept. 27, in the church. Plans were made for a bakery sale and good, used clothing of all kinds and sizes. It will be held in the church basement to which the public is invited. The hours will be from 12 to 4 p.m. each day on Sept. 20 and 21. There will also be many new and used household items. Plans were also made for a roast beef supper to be given Oct. 11 in family style. At the October meeting, guest day will be held in connection with the celebration of the 15th anniversary of the W.S.C.S. Hostesses were Mrs. Clinton Mark and Mrs. John Reed.

The Rev. and Mrs. Erich Bizer returned last Thursday after attending various functions. They attended the 75th anniversary of a church in Albion, Ia. The Bizer family reunion at the home of Mr. and Mrs. Erich Jordan in Waukon, Ia., after which they went to Eitzen, Minn., to visit

Christ Worked With Hands Too, A.F.L. Chief Reminds Labor

BY GEORGE MEANY
President of the American
Federation of Labor
(Paulist Feature Service)

Christ could have been born into a family of rulers, of kings or princes. He could have been a professional man, a soldier, statesman, or philosopher. He could have decided to be an artist, poet, or musician of genius. He could have been wealthy beyond imagination.

But He chose instead to be a worker - a carpenter - the son of a humble working man in the obscure and scorned town of Nazareth.

By his decision, Christ sought to make men realize that their ancient scales of values were wrong. He tried to impress upon them the dignity of labor.

His choice has or should have an awesome effect upon us who are working men and women, or representatives of them. To think Our Lord was one with us, one also who worked with His hands, and who deliberately chose to be so, is sobering. He has inspired us as craftsmen and encouraged us in our service.

It is fitting therefore that more and more cities throughout the United States mark Labor day with religious observances. Here working men and women have the opportunity to call the blessing of Christ the carpenter upon themselves, their families, and their work.

Seeks Unity

Labor day has increased signifi-

cance in America this year because of the pending merger of the A.F.L. and the C.I.O. Thru this unity, working men and women will have added strength in seeking to maintain our high American standard of living, and in trying to help working men and women of other countries.

We seek this because we believe we have such a responsibility to our fellow workers and because we know no stronger bulwark can be built against godless Communist slavery than free democratic trade unionism.

Thru this unity, we shall also be able to carry on the fight for other objectives than benefit not only workers but all citizens. Our first efforts were naturally in eliminating child labor, oppressive employment of women, sweatshop working conditions, and excessive hours.

Today the interests of working men and women go far beyond the shop and the community. In making our plans, we know that we can find sage and inspired guidance for many of our problems in the social encyclicals of the popes, knowing that the principles there set down are universal and basic.

Christ the worker is especially close to us on this day set aside to help employee and employer review the past, take stock of the present, and plan for a future that we hope will be more and more within the spirit of Christ the carpenter.

State Seeks More Attendants For Hospitals

That mental illness continues to be the country's number one health problem, and that to give adequate medical care to the mentally ill a substantial number of additional ward attendants is urgently needed, particularly at Mankato and Elgin state hospitals, was again emphasized this week by Dr. Otto L. Bettag, director of the department of public welfare.

In an effort to help meet this need, Dr. R. J. Graff, superintendent at Mankato state hospital, has announced that civil service examinations for attendants will be held every Wednesday at 1 p.m. from now until further notice.

It was also announced that the new plan to induce more people to train for work in mental hospitals is being put into effect. The appropriation to inaugurate the program has recently been signed into law by Gov. Stratton.

The law provides that anyone eligible for the work may receive from one to three years training in hospital or college nursing programs in return for one year's work in mental health service for each year of training.

High School graduates, male or female, present staff members of the institutions and service of the Ill. Dept. of Public Welfare and student nurses are among those eligible for the program, which provides tuition fees, books, uniforms and a small monthly wage.

For further information address: Chief of Nursing Service, Dept. of Public Welfare, 103 Centennial Bldg., Springfield, Ill.

Orville Hodge Candidate For Re-election

State Auditor Orville E. Hodge, has formally announced his candidacy for re-election as auditor of public accounts next year.

Thus, Auditor Hodge became the first of the Illinois elected officials to make known their political plans for 1956. At the same time the announcement quieted rumors that Hodge might be a candidate for the gubernatorial nomination.

Hodge cleared the political air in Springfield by his announcement and his praise of Gov. Stratton and the Republican administration.

He said, "I want to stay on the job and see that what we have begun is continued. So, I say now, that I expect to seek the office of auditor of public accounts for the state of Illinois again next year."

Many political and legislative writers have frequently praised Hodge for his unprecedented attention to the duties of his office and his efforts in getting legislation passed to strengthen the protection of deposits in financial institutions serving the public.

Power-driven machinery can kill or injure you - so shut it off to oil, service or unclog.

WE THANK YOU

The response to our invitation to attend the Grand Opening of our new store was overwhelming.

We expected crowds but failed to anticipate their magnitude.

We are deeply grateful for the hearty welcome given our venture, and the good wishes for our success so cordially expressed since the store opened.

We have but one regret - that the demands exceeded our most optimistic preparations. We believed that we had more than enough of our special items on hand to meet all requirements - but we didn't. They just melted away, just like a snowball would have, had one

had a snowball to put out in the sun during that hot weather we were having about 10 days ago.

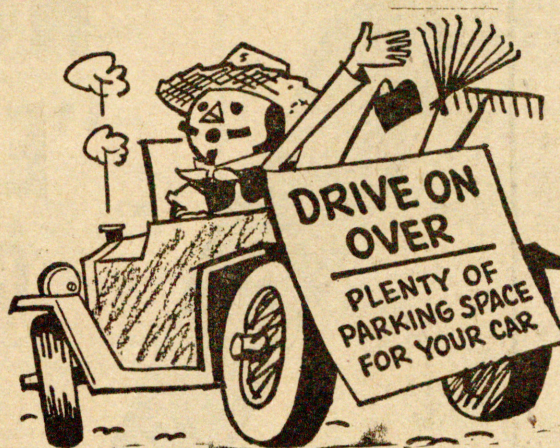

And so to keep faith with those who came too late to take advantage of the special offers we advertized for our Grand Opening we are again offering these specials for this weekend. Incidentally, you will find by checking the goods on our shelves that ALL of our prices are low prices, ALL of the time.

Again, THANKS to all of you for your welcome! It is our aim to conduct our business so as to merit your support and patronage thruout the years.

Who holds the Purse Strings?

Mom's the word for "purse-string-holder" in many families. Skillfully, she buys what's needed. Carefully she budgets. Prudently she makes sure there's "something left over" every week to put aside for the family's financial future. No matter who holds the purse strings in YOUR family . . . the important, purposeful thing is to save on a regular weekly schedule.

"SON, TAKE CARE OF 'BIDDY' AND SHE'LL TAKE CARE OF YOUR SCHOOLING"

Here's two special U. S. Savings Bonds cartoons contributed by Lou Mortison, noted editorial cartoonist with the Waterbury, Conn., Republican.

The "Biddy" cartoon offers one suggestion through which young farmers can help provide money for their future education.

With no Savings Bonds, come college days, the youngsters will be as nonplussed as is Biddy.

FUN FOR ALL

'Tis hard, so hard to speak the words. We must forever part. FLORENCE S. YUNKER

The regular meeting of Orland Park Unit 526, American Legion auxiliary will be held Friday at 8 p.m., Sept. 9 in the Legion hall on 143rd St. east of Route 45. Dues are in order, so members can remit same at the meeting. Let's try to have 100 percent membership by the time we have installation of officers, which will be a joint installation with the Legion Post on Sept. 27.

Bertha Nicolai, community service chairman, has received the American flags which the Unit has purchased, one to go to the Orland Park elementary school and the other two to Girl Scout troops, one in Orland and the other in Palos. She presented the flag to Norbert Jerling, school principal, Tuesday morning.

The Evening Circle, WSCS of Orland Park Methodist church, will meet this Thursday evening, Sept. 8 at the home of Mrs. Ralph Show, North Woodland Trail, and Southwest Highway, Palos. Meeting to start at 8:00 p.m. All members urged to attend.

Mr. and Mrs. John Loebe will entertain the Adult Bible class of the Methodist church Wednesday evening, Sept. 14, at 8:00 p.m. Members and friends are invited. Mrs. Thomas Cooper is president.

Mr. and Mrs. R. M. Ohlsson of Minneapolis, Minn., spent a few days of their vacation with their cousin, Mrs. Mabel Ekberg. They had quite a busy schedule going places to dine, downtown shopping in Chicago, attending the Powerama, and the ground breaking of the new shopping district in Orland.

Mrs. Edith Granat entertained her bunco club, Tuesday afternoon.

Mr. and Mrs. Richard Nitsche Mrs. Ethel Schultz and sons, Bill and Dean of Chicago, enjoyed a river cruise to Seneca over the weekend, starting from the Joliet Yacht club.

Mrs. George Yunker who has made her home in North Miami Fla., is visiting her sister, Mrs. Edward Hosman.

Forrest J. Miller's brother and wife, Mr. and Mrs. Chas. Miller, also nephew and wife, Mr. and Mrs. Fred Miller and children, Pam, Vicky and Gary, all of Gaston, Ind., spent a week with the Miller's in Orland.

Sister Mary Machtildis, O.S.D., of Norfolk, Neb., was a week end guest of her aunt and uncle, Mr. and Mrs. Walter Smith.

T/Sgt. Michael Pao, U. S. Air Force, wife and son were guests of Mr. and Mrs. Foster Myrick a few days last week. Sgt. Pao was on his way to California, where he will be stationed at the air force base in San Bernardino. The family had been residing in Indiana. Mrs. Pao is an English war bride and was next door neighbors to Mrs. Myrick, who also is an English war bride, when they resided in England. They had many interesting things to talk over.

The Ray Robson, Jr., family have returned from a vacation trip to South Dakota, Yellowstone Park and Wyoming. While in South Dakota, they visited with M/Sgt. Frank Robson and family, who is stationed at Ellsworth air force base.

Mrs. Elsa Zerbs entertained relatives at dinner, August 25, honoring her birthday. Henry Horn of Charles City, Ia., Mr. and Mrs. Richard Nitsche and children, and Mr. and Mrs. Gus Zerbs and children were guests. Mr. and Mrs. Harry Heiting and Mr. and Mrs. Jack Ivers and sons enjoyed fishing at Antioch, Sept. 1. Harry is on his vacation and having a good time, just going places.

After taking a vacation for the summer months, the Firemen's auxiliary will meet Monday, Sept. 19 at 8 p.m. in the village hall. All members are reminded to plan to attend.

Mrs. Annice Eckert, Mrs. George Eckert and Mrs. Karen Eckert enjoyed a get-together at the home of the former's daughter, Mrs. Norma Heis in Bensenville, Thursday evening.

The George Eckert's have purchased a new home in Oak Lawn and plan to move there in the near future.

Kennel Group Seeks Funds To Aid Blind

This is the last appeal for patronage of the DX service station in Blue Island on Aug. 27 and 28.

Webster defines the word "blind" merely as sightless. A casual, commonplace word which bears little meaning for the average person. As individuals, going about our everyday routine, few stop to think about this word "blind"; to realize what a priceless thing they have in their eyes. How fortunate are all who see the sunlight, Ponder for a moment over an eternity of darkness, existence in a world completely void of light, where days and years lengthen into a lifetime.

Thru the centuries dog has been reputed as "man's best friend." As Master Eye Foundation in Minneapolis this theory is put into effect. Here German shepherd dogs of the LaSalle breed, are trained to lead the blind. These dogs are exceptionally fine shepherds, as they are bred for an almost human type of intelligence, which enables them to assimilate and put into use, the intensive training a guide dog must have. They know the life of their blind master depends solely upon them.

A Worthy Cause

The possession of a guide dog by the blind, is something, which who have sight, cannot even begin to comprehend. Perhaps, those who own pets can realize to

some small extent the immeasurable happiness these dogs bring to people deprived of vision. Thru Master Eye Guide dogs, new vistas of independence and security are opened to them. Accompanied by the assistance of a capable, highly-trained canine, they can travel, work and play at random, depending upon one.

Personnel of the Blue Island Dog Training club will be operating the DX gas station, 12853 Western Ave., Blue Island, from early Saturday morning until late Sunday night. All profits taken in at this time will go toward sending a blind person or persons to the Master Eye Foundation.

It costs approximately \$1500 to train and release just one Master Eye dog. A lot of gas will have to be pumped by club members. No percentage of the money earned will go to the club, it all goes into this fund.

Contributions will be accepted and may be mailed to "Master Eye Fund," P. O. Box 86, Blue Island, Ill.

Chicago Branch U. of I. To Open Classes Sept. 19

Registration for the fall semester at the University of Illinois' Chicago Undergraduate Division will begin Thursday, Sept. 15. An orientation period for new students will be conducted during the preceding week.

An increase of 10 percent over last year's enrollment is predicted by H. E. Temmer, examiner and recorder. He said that out of the expected 4,100 students, 22 percent, or about 900, will be co-eds. Temmer said he anticipated veteran enrollment would be up 50 percent to 1,200.

The first two years work are offered at UIC in liberal arts, commerce, engineering, and physical education, as well as courses in architecture, architectural engineering, teacher training and nursing education.

Temmer warned that "action cannot be taken on applications for admission until credentials are received by the University," so students who plan to enroll for the new term should apply as soon as possible.

Classes begin Monday, Sept. 19.

When you overload the muscles and joints in your body or use them in the wrong way, you are inviting injury, says a University of Illinois farm safety specialist.

Fall-fed Pastures Add Grazing Days, Cut Feeding Costs

Five profitable "pay-offs" can result from top-dressing permanent pastures this fall with a complete fertilizer containing nitrogen, phosphate and potash, reports the Middle West Soil Improvement Committee.

The committee lists these benefits as: 1—An earlier grazing bite next spring for beef and dairy cattle; 2—More grass and better grass during the spring season; 3—Extra grazing days at both ends of the season; 4—Lower feed bills; 5—Higher net profits because of lower costs.

Bluegrass permanent pasture gets yield-boosting fall top-dressing.

There are increasing indications in many areas of the Corn Belt that fall-added fertilizer containing nitrogen as well as phosphate and potash can give as good results in pasture production as fertilizer put on in the spring, says the committee.

Some safeguards are necessary, so far as nitrogen is concerned. On very sandy soils, where water drains through quickly, serious losses of nitrogen can occur. Also, if fertilizer is put on in the late fall just before growth stops, there will be a greater response in the spring.

The committee points out that fall fertilization is a time-saver for the farmer because it helps spread out his work load. By putting on plant food in the fall more attention can be given to other important work in the spring. Moreover, in the fall firmer ground makes it easier to apply fertilizers through the use of broadcast spreaders and bulk or broadcast trucks. In the fall, too, you can be sure of a greater choice of fertilizer grades and fast delivery.

Offers Advise To Korean Vets On School Matters

In an effort to be helpful to the veterans of the Korean war who contemplate taking advantage of the G. I. bill of rights, L. R. Benston, director of rehabilitation has issued the following warning:

"We now have some 16,000 veterans under the Korean G. I. bill of rights going to school or taking training and it is anticipated that the fall term will have to absorb approximately 36,000 more applicants. My warning to these veterans is:

1. Secure an application from the Veterans Administration, the Legion office or any of the offices of the Illinois veterans' commission.
2. Determine your objective or educational goal before completing the application.
3. Make certain that the school or training institution has been approved by the state of Illinois.
4. Complete your admittance arrangement with the school or the institution.
5. Forward completed application with a photostat or certified copy of the veteran's separation papers to the Chicago Regional Office, 2030 W. Taylor St.

spent the holiday week end at a lake resort near Rhinelander, Wis.

Mrs. Evans Drotts, the former Joyce Frick, returned home over the week end from Columbus, Ga., where she resided with her husband, Cpl. Evans Drotts stationed with the army at Ft. Benning. Cpl. Drotts will receive his discharge following his two years service about the end of September. Mrs. Drotts has accepted a teaching position in the Mokena school for third grade.

Mr. and Mrs. Leonard Warning and family have returned from a 5800 mile vacation trip through 11 western states and Mexico. They visited many points of interest, mainly: Los Angeles, Grand Canyon, San Francisco, Las Vegas, Hoover Dam, Sequoia, Yosemite, Salt Lake City and Lake. Rocky Mountain Park, and best of all, according to the Warning boys, the envy of all New Lenox children, "Disneyland" the large amusement park of Walt Disney.

Approximately 30 cub scouts and their parents enjoyed the annual Cub summer event, a picnic and supper, August 25, at the Lions Den. Games were played. Den meetings will start soon according to Cub Scout master, Roy Fitzer. Boys between ages of 8 and 11 years can join. The day was enjoyed by all who attended.

Mr. and Mrs. William Collatz and Merry Lee Collatz spent the week end at Grand Junction, Mich., with Mr. and Mrs. Everett Pugh and family.

Mrs. Alfred Engle of Joliet, formerly of New Lenox, entertained in her home Friday

night, former members of a bunclo club. Guests were the Mesdames, John Warning, John Embling, Alfred Emily, Leonard Warning, Carl Jacobsmeier, Harvey Frick, Octavia Pugh, William Collatz and Miss Caroline Bentley.

Miss Helen Francis has returned from a seven weeks trip to Europe. She visited England, Holland, Germany, Switzerland, Belgium, Italy and France.

The Royal Neighbors will meet Wednesday, Sept. 14 in the Lions Den. Hostesses will be Mrs. Merna Sievert and Mrs. Laura Carlson.

Mrs. Ina McCoy who spent the past five months with her son, Mr. and Mrs. Ralph McCoy and family, left Saturday with her son for Weeping Water, Nebr., for the home of her daughter, Mr. and Mrs. Robert Johnson and family.

Miss Evelyn Rowsell was hostess Thursday night to the Up-teens club. Novel games were played with prizes awarded. Refreshments were served. Guests were Arlene Otis, Norma Heidrich, Marilyn Sayers, Margaret Campbell, Dotte Anderson, Christine Duffy, Nancy Grogan, Sue Erikson, Donna Anderson, Claire Ryden and Marie Lavinn.

EM-FA, Albert LeRoy Zeigler returned Monday to his ship the U. S. S. Kearage at San Diego, after spending a 10 day leave with his parents, Mr. and Mrs. Al Zeigler. While here he and his parents enjoyed a few days fishing at Woman's Lake, Pine River, Minn.

Bonnie Sue Rennar returned Monday from a visit in St. Louis with her grandparents Mr. and Mrs. Cetus Gurley. The Rennar family just returned to their home in New Lenox from Miami, Fla. where they spent the past two years when Mr. Rennar was transferred in his work with a construction company.

Members of the Children's choir, and Altar boys of St. Jude's church enjoyed an all day picnic Tuesday at the Kankakee 4-H Club.

The New Lenox Bluebird 4-H club met at the Lions Den, Aug. 29 for their regular meeting. Annis Weber demonstrated how to use a cloth guide and talked on adventure in cooking.

Seven girls who had sewing project demonstrated putting in a hem: Marcella Troutman talked on sifting flour; Linda Schwab demonstrated shrinking cloth; Susan McGowan and Gail Knowles talked on lighting a gas oven, and outdoor meals; Janet Wise and Mary McCure talked on Safety First.

Plans were made to model their clothes at the first PTA meeting of the school year.

The New Lenox Garden club met Sept. 1 in the home of Mrs. James Hope with Mrs. Walter Brown and Mrs. Robert Brown assisting. An interesting display of a table setting, done by Mrs. Houchin was the important part of the meeting. The next meeting of the club will be Oct. 6 in the home of Mrs. Frank Vally at which time Attorney James M. Bartley of Joliet will speak on civil defense.

VA Expects Pay Increases Will Attract Nurses

The three veterans adminis-

tration hospitals in the Chicago area expect that recent salary raises will encourage nurses not now active in the nursing field to resume their professional careers.

Under the increased salary rates for VA nurses, the minimum entrance salary for a graduate nurse in junior grade is \$336 per month. This is available to nurses immediately upon their graduation from an approved school of nursing.

Nurses who have had more extensive experience may be employed initially in associate grade with a starting monthly salary of \$454 per month. Yearly grade increases ranging from \$105 to \$135 are given to all nurses. Salaries in VA are uniformly based upon personal qualifications.

The veterans administration has liberal personnel policies, including a 5 day, 40 hour work week, 30 days vacation, 15 days sick leave, and 8 paid holidays annually. Low cost housing is available. A uniform allowance

is paid in addition to salary, and the laundering of uniforms is free. Lowcost government life insurance and a retirement program are available.

Nurses in Chicago VA hospitals find ample opportunities for experience and advancement in all clinical fields. These hospitals have large residency and research programs for physicians. In addition, the Hines hospital has student nurse affiliations. Cultural advantages available in the city of Chicago include Universities offering advanced courses in nursing.

The VA career nursing service has been well received by the nursing profession, not only because of the opportunities afforded for professional advancement, but also because of the satisfaction derived from giving nursing care to war veterans; it was said.

Additional information may be secured from the Chief Nurses of the three VA hospitals, which are located at Hines, and in Chicago at 820 S. Damen ave. and 333 East Huron st.

ASC Members To Ballot On Committeemen

Carl M. Bormet, chairman, Cook county agricultural conservation and stabilization committee announces that ballots listing candidates for community ASC committeemen positions will be mailed to all eligible voters by Sept. 9, 1955. Five are to be voted for, three as regular members of the community committee and two as alternates.

Candidates nominated by community election boards (and by petitions filed by 10 or more eligible voters) for the various communities in Cook county include:

Bremen: Emil Andres, Alfred Bramsteadt, Herbert Breitbarth, Marvin cappel, Clarence Fulton, William Keuch, Walter Meier, George Schilling, Henry Soehnholz and William Stelter.

Orland: Ralph Agate, Henry Andersen, Howard Beagley, Carl Bormet, Jr., Art Brandau, Richard Erickson, Herman Gee, Ray Meier, Lester Sayers and Henry J. Schilling.

Rich: Hilbert Blume, Lloyd Blume, Ernest Hager, Emil Harms, Vernon Hattendorf, Arthur Henke, Jr., Emil Kampe, Ernest Kampe, Jr., Elmer Marquardt and Melvin Rohlwing.

Ballots returned to the polling place at South st. and 66th court, Tinley Park, by mail must be postmarked not later than Sept. 16. Ballots received after Sept. 16 will not be counted.

"If any farmer who believes he is eligible to vote did not receive a ballot thru the mail, he may obtain one by calling at or writing to the county office and establishing his eligibility to vote in the elections," Mr. Bormet stated.

Must Follow Instructions
Mr. Bormet cautioned all far-

mers to follow instructions in the letter on the reverse side of the ballot. The ballot when marked must be placed in the small blank envelope furnished the farmer. This envelope should then be sealed and placed in the envelope bearing the county office address. The farmer should enter his name and return address in the upper left corner of this envelope. He must then affix postage and mail the envelope.

When the community election board assembles to count the votes the farmer's eligibility to vote will be checked from the name on the outer envelope. The outer envelopes will then be opened and laid aside and the blank sealed envelopes containing the ballot will be placed in a ballot box. After this has been done the ballot box will be opened, the ballots removed from the blank envelopes and the votes tabulated.

The candidate receiving the highest number of votes will be declared elected chairman of the community committee and delegate to the county convention which will assemble Sept. 27 to elect the county ASC committee. The second high will be vice chairman and alternate delegate, the third high will be the third member of the community committee and the next two in succession will be first and second alternate community committeemen respectively.

In order to be eligible to vote in the community committee elections a person must have an interest in a farm in the community as owner, tenant or sharecropper, must be participating in the agricultural conservation program or carrying out on his farm one of the eligible practices covered by that program or be eligible for price support on one or more agricultural commodities he produces or be eligible for a payment under the sugar program.

The chairman urged all farmers to watch their mail for the ballot and when they receive it to make it at once and return it to the county office.

"This is your opportunity to participate in choosing the men who will administer the price support, crop allotment and quota, agricultural conservation and sugar programs during the coming year," Mr. Bormet advised Cook county farmers.

The national average price support rate for the 1955 soybean crop is \$2.04 a bushel.

Which is Faster

FLAME TYPE

5 minutes 31 seconds—still below boiling point

ELECTRIC

5 minutes 31 seconds—at boiling point

RESULTS OF RECENT IMPARTIAL RESEARCH:

Independent engineers of the R. W. Hunt Company (who made this series of tests) stated: "We ran several speed studies—comparing 3 modern flame-type ranges against 3 modern electric ranges. One electric surface unit boiled a quart of water in 5 minutes and 31 seconds. That was 56 seconds faster than the best flame-type burner tested. We made twenty-one tests in all. Results showed that the three electric ranges averaged 40 seconds faster than the three flame-type ranges." (All ranges tested were top brands.)

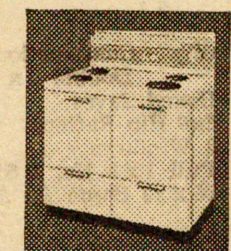

The answer: Nothing cooks faster than today's electric ranges!

If you have to get meals in a hurry, you know speed is important. But modern electric cooking offers more than speed.

For instance, when you cook vegetables the waterless electric way, the flavor is all there! And don't worry about scorching, because the electric unit heats the pan evenly.

There's no cooler way to cook than with a new electric range. Electric ovens are so well insulated they keep your kitchen up to 10 degrees cooler than flame-type.

Hear about our New Installation Plan? It can save you important money on installation of a new electric range. The Plan is available at all appliance dealers' and Commonwealth Edison or Public Service Company stores. Makes owning an electric range so reasonable there really isn't any reason to wait.

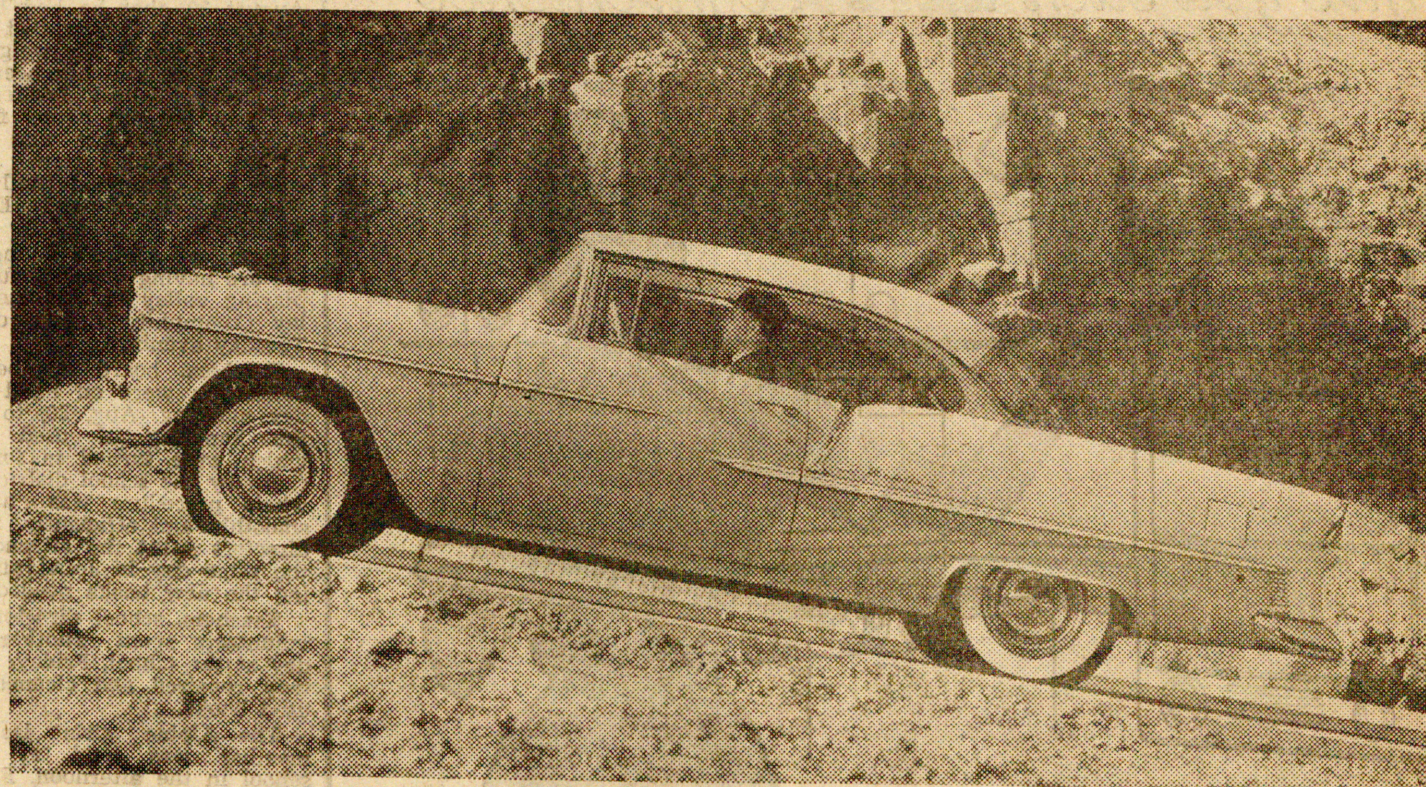

New electric ranges low as \$2.16 a week, complete, installed!

ASTONISHING PERFORMANCE!

And that's only half the Chevrolet story

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

A lightning-quick power punch that makes your driving safer! That's one of the reasons for Chevrolet's winning stock car record—but it's not the only one. Not by a long shot!

The sizzling acceleration of Chevrolet's new "Turbo-Fire V8" is half the story; but it takes a lot more besides. Cornering and handling qualities really count on the NASCAR® Short Track circuit where Chevrolet's king—just as they count for safer and more pleasant highway driving. And even the high-priced cars don't slice through a tight turn as neatly—or handle—as sweetly—as this beauty. The record proves it!

Come on in and sample all the things that give Chevrolet its winning ways. We're keeping a key ready for you!

memorial for Mrs. Morris Cary. The rest of the afternoon was given to the pictures and interesting talk by Mrs. Herbert Peaslee in which she vividly described the life of a missionary during the past 33 years that she and her family have spent in Honduras.

Building permits have recently been issued to A. H. Bruning for three new homes to be constructed on 147th Place, Homer township at a cost of \$7000, \$8000 and \$9000 respectively; also W. A. Johnson of 143rd and Cream road has obtained a permit for a \$20000 residence to be built on Cream road.

Mr. and Mrs. Herbert Peaslee of Honduras who are guests of relatives in Chicago, were visitors in the Frank Milne home Thursday. In the evening they exhibited their pictures from Honduras and gave a talk at the Evangelical Covenant church in Lockport. Mr. Peaslee is a cousin of Mr. Milne.

During the month of August, Mrs. Emma West and Mr. and Mrs. Charles Jensen took several short motor trips to visit relatives. They spent a few days in Edwards county, which is Mrs. West's girlhood home; they also went to Rockford where Mr. Jensen and Mrs. West each have relatives and to Tomahawk, Wis., to see Mrs. West's brother and sister-in-law, Mr. and Mrs. Moody.

Mr. and Mrs. William Malloy attended a weiner roast and picnic given by the Couples club Saturday night at Maple Lake.

ALPINE

Mrs. E. Mrosek
Orland 2441-R

Gifts of cigars for the men and candy for the ladies accompanied William S. Whitesides announcement, at the 4H leaders meeting at the Farm Bureau in Tinley Park Tuesday evening, August 30, that he had become the father of a son that morning. The new 4H'r weighed 7 pounds 2 oz. and has been named David Michael. Leaders and 4H members are happy for the Whitesides. Leaders who attended the meeting from Alpine were Mrs. Harwood Stellwagen, Walter Bernard and Edward Mrosek.

Some of Alpine's young people are having a wonderful time playing volleyball at the Marley Community Baptist church, Tuesday evenings.

Teachers, board members and volunteers were on hand Tuesday morning, Aug. 30, to help the handling of used books which were turned in for purchase by the school district. The whole procedure was handled smoothly and efficiently. School directors spent the afternoon of the same day in Joliet purchasing the new books needed.

Teachers, school directors and volunteers spent another full day at the school, Friday, where they repaired and cleaned the used books.

The Alpine girls last 4H meeting was held at Maue school in the afternoon. Following the routine reports much time was spent in choir practice. Norma Alberts gave a guitar solo.

Mr. and Mrs. Norman Strassenberg spent Monday with his brother Howard and family in Mokena.

The first official meeting of Den 5 of the Cub Scouts was held Sept. 1. They will meet every Thursday after school to work on their monthly project. The boys are busy learning the 1st Bobcat requirements which they must pass to become Cub Scouts. The monthly Pack meeting on Sept. 16, is in honor of Den 5 becoming Cub Scouts. The other four dens and their parents will attend the meeting at the American Legion hall in Orland Park. Present also will be other Den mothers, fathers and members of the Cub Scout committee. Mr. Libner is Cubmaster.

Members of Den 5 are James Walker, Tony Molitor, Bill Lohman, Steven Koveikis and Jimmy Cruise, Peter Lohmann, a Boy Scout, is Den chief. Den Mothers are Mrs. Roy Walker and Mrs. John Cruise. We wish

them all good luck in starting their new den.

4H News

A meeting of the Orland Boys 4H club was held Monday night at the Maue school. The president, Walter Bernard, presided. Record books were collected and checked. The leaders helped those who were having difficulty with their books.

Arthur Walker and Roy Bettenhausen each gave a talk on his dairy project. Paul Bukowski gave a talk on his sheep and David Bukowski told about his chickens. Walter Bernard gave a talk on his accomplishments in 11 years of 4H club work.

Darrell and Duane Erickson served refreshments. — Robert Stellwagen, reporter.

MARLEY

Mrs. Virginia Saxe
New Lenox 3133

The September meeting of the Marley Missionary society was held earlier due to the annual bazaar which will be held in the church Thursday, Sept. 15. The meeting was held last Wednesday in the church with Mrs. Francis Nelson, Mrs. Ellen Nelson, Mrs. Fred Brown, Mrs. Kenneth Richardson and Mrs. Robert Walker as hostesses. The president, Mrs. Garret Cummins presided. It was decided to begin future meetings at 1:30 in the afternoon. This will enable members to be through in time to get their children from school. The program was presented by Mrs. Charles Sievert. It was entitled "World Missions". Seven other members each had a part in the program.

Mrs. Adella Sproat, Mrs. Loren Saxe, Mrs. Royal Corp., Mrs. James Tilsy, Mrs. Robert Sproat, Mrs. Russell Lauffer and Mrs. Herschel Aseltine.

Miss Alma Lauffer was a guest of Miss Bonnie Sproat a few days this week.

Mr. and Mrs. Stanley Coe and their grandsons, Alan and LeRoy Corp of Plainfield, spent the past week on a motor trip through the Ozarks.

Mr. and Mrs. Charles Saxe and family spent Saturday at the Powerama show in Chicago. The Hadley Mother's club will meet Wednesday night, Sept. 14 in the school, at 8 o'clock. An officers meeting to plan the committees for the year was held Thursday night in the home of the president, Mrs. Charles Saxe. Others present were Mrs. Eugene Anderson, Mrs. John Hasbar and Mrs. Otto Moravec.

Mr. and Mrs. Cecil Hale and family are moving this week from the Bruhn house to their new residence east of Mokena.

Mr. and Mrs. James Murphy recently moved into the house, which was formerly the Lauffer school.

Mr. and Mrs. Leo Seniff have moved to Michigan.

Mr. and Mrs. Dwight O'Connor have moved into the house vacated by the Seniffs.

Mr. and Mrs. Charles Saxe and family spent Labor Day weekend on a fishing outing.

Mr. and Mrs. Charles Lauffer and Mr. and Mrs. Russell Lauffer and family attended the wedding of Miss Letty Cregar and Peter Smith in the Second Presbyterian church in Bloomington Sunday.

STATE CAPITOL RERORT

Highway deaths, our nation's most tragic waste, are beginning to make news in Springfield. Governor Stratton has ordered state police to put in effect stricter traffic law enforcement methods in an effort to reduce a hazard that claimed about two thousand lives on Illinois highways in 1954.

Special squads will patrol certain danger areas using unmarked cars and radar will be employed to cut down speeding. The governor has expressed his disappointment in the fact that better highways have not appreciably lessened the traffic death toll.

He also has restated his thought that it might be a good idea to call a special session of the legislature to act on a highway speed limit bill.

These are all good preventative measures that should cut traffic deaths. But the basic method always must be to make the man behind the wheel a better driver.

In an unspectacular and methodical manner the office of Secretary of State Charles F. Carpenter has been working to save lives by checking on driver performance for more than two years.

His office maintains a driver control file on all persons who are reported for conviction of a violation of the traffic laws. A revised driver license law that went into effect in 1953 now requires all courts to send such reports to the secretary of state.

Of course, it takes time for accident prone drivers to build up a record. Members of Carpenter's office feel that the law has been in effect long enough now to reach the point where their driver control file is showing its effectiveness.

The policy of the office is to detect a dangerous driver before

someone is killed instead of afterwards.

When the file shows three convictions for moving traffic accidents in a year the license is revoked. In some cases a license may be suspended for a short period of time. Any conviction for drunken driving in a court of record rates a mandatory revocation.

When a person's license is revoked he may reapply for a new license after one year. A suspended license goes back into effect after the time of suspension elapses.

The heart of the new driver license law is the requirement for reporting convictions to the Secretary of State's office. You can't curb a reckless driver unless you know about him.

This very requirement is now facing a test of its constitutionality before the Illinois supreme court.

Now there is some question as to what results this system is getting. But in the first calendar year after the new driver license law went into effect there was a reduction of 120 deaths on Illinois highways.

There has been a certain amount of comment thruout the state as to what effect this program might have on Carpenter politically. When you take a man's driver's license away from him you are pretty sure to lose his vote and those of his family.

If this is the case then it might be said that the secretary of state is trading votes for lives and that's a good swap.

Marine Corps Seeks Recruits

The Marine Corps recruiting sub-station, located in the post office building in Harvey, has announced that there are now an undetermined number of openings in the Marine Corps for three year enlistments.

For the past several months, enlistments were excepted for a period of four years only. Men enlisted in this area under-go
